

COURSE GUIDE

ACKNOWLEDGEMENT OF COUNTRY

La Trobe University acknowledges our campuses are located on the lands of many Traditional Custodians in Victoria and New South Wales. We recognise their ongoing connection to the land and value their unique contribution to the University and wider Australian society.

La Trobe University is committed to providing opportunities for Aboriginal and Torres Strait Islander people, both as individuals and communities, through teaching, learning, research and partnerships across all our campuses.

TURNING EDUCATION ON ITS HEAD

At our Melbourne (Bundoora) Campus, you'll find this upside-down statue of our namesake Charles La Trobe. La Trobe was driven by his need to make a difference to the communities he served and 'turn ideas on their heads.'

MOST-SATISFIED STUDENTS ✓

We're rated #1 in Australia for most-satisfied students, with five stars for teaching staff, student support, learning resources, opportunities and career prospects, and campus amenities.

Canstar Blue, 2023, Best-Rated Universities in Australia (2023)

NET ZERO 0

La Trobe's four regional campuses are net zero, with Melbourne (Bundoora) to follow by 2029.

7 x CAMPUSES

We're Victoria's only state-wide university, with seven campuses across Melbourne, regional Victoria and Sydney.

LEARN WITH INDUSTRY

We partner with top employers and organisations, giving you options for placements, work-integrated learning, internships and more.

#1

La Trobe is a leader in employer-graduate satisfaction, ranking #1 in Victoria and #3 in Australia.

Quality Indicators for Learning and Teaching (QILT), 2023, 2022 Employer Satisfaction Survey

1%

TOP UNIVERSITIES WORLDWIDE

We're in the top 1% of universities, placing us within the top 250 of universities worldwide.

Times Higher Education (THE), 2023, World University Rankings 2023; Consejo Superior de Investigaciones Científicas (CSIC), 2023, Ranking Web of Universities

DIFFERENT WAYS INTO UNI

There's more than one way to secure an offer into your dream course through our pathways, early entry programs, double degrees and packaged offers.

FLEXIBLE STUDY

Study your way on-campus, online or a mix of both, and tailor your degree with a range of 150+ open-access majors and minors.

LA TROBE BY YOU

We created the La Trobe By You study model so that you can study the way that suits you.

STUDYFLEX™

Lots of our courses offer StudyFlex™ which means you can study both online and on campus in the same degree.

Look out for the  icon to see if your course offers StudyFlex™.

OPEN ACCESS MAJORS & MINORS

It's easy to study subjects from different disciplines at La Trobe. You'll have more freedom to choose the subjects that match your interests and goals, like adding a science major to your arts degree, or adding a business minor to your health degree.

WORK-INTEGRATED LEARNING

You'll get industry experience while you study, whether it's built-in to your course or through our industry placement minor. You'll also have opportunities for mentoring, networking and practical skill building.

PACKAGED COURSES

We've bundled some of our most popular courses together into packaged offers. Once you've received an offer, a place in your dream course is locked in.

To find out what course packages are on offer, visit latrobe.edu.au/courses/packages

UNDERGRADUATE PACKAGE

An undergraduate packaged offer similar to a pathway. While you complete a diploma with us, your place in an undergraduate degree is guaranteed.

Look out for the  symbol to see if your course is part of a package.

POSTGRADUATE PACKAGE

If you think you'll want to continue studying after completing your degree, you can lock in a postgraduate course at the same time as your undergrad.

SCHOLARSHIPS

Our scholarships and bursaries support you to reach your full potential at uni, regardless of circumstances outside your control.

FOCUS ON STUDY, NOT FEES

La Trobe offers a range of scholarships to support you with things like your course fees, cost of living or accommodation, such as the Indigenous Accommodation Scholarship, Regional Benefits Program or an Industry Placement Bursary.

To help you identify the best scholarships for you, we've broken them down into different categories:

- academic scholarships
- course or study area scholarships
- location-specific scholarships
- conditional scholarships
- Indigenous support scholarships
- athletic scholarships
- regional Victoria scholarships.

RISE WITH LA TROBE

Indigenous students can access a culturally adept academic pathway to La Trobe with RISE.

Each commencing student is given a \$5,000 scholarship to help with university costs. Find out more about Indigenous services on page 17.

REGIONAL BENEFITS PROGRAM

We want to empower high achieving students from regional communities to live, study and thrive in regional Victoria. That's why we offer guaranteed course places, scholarships and more.

Find out if you're eligible: latrobe.edu.au/study/apply/pathways/regional

"THE SCHOLARSHIP REALLY HELPED ALLEVIATE SOME OF THE FINANCIAL STRESS AROUND TRANSPORT AND THE TECHNOLOGY NEEDED FOR STUDIES. IT WAS A SECURITY NET, ESPECIALLY BEING A STUDENT BALANCING WORK LIFE AND STUDYING."

3000 PAYMENTS
PER YEAR**

**MORE THAN
\$4 MILLION
PROVIDED**

**HUNDREDS
OF DIFFERENT
OPPORTUNITIES**

ASPIRE EARLY ENTRY PROGRAM

At La Trobe, there's more than one way into uni.

COMMUNITY CONTRIBUTION

Get rewarded for your involvement in community, leadership and volunteering with an early conditional offer into your chosen course at La Trobe.

We consider all past and present community engagement that makes a positive contribution.

REWARDS

Exclusive adjusted Aspire ATAR¹ | Scholarships worth \$5,000 per year for duration of study² | Priority accommodation | Financial support for overseas exchange | Available for all Bachelor's degree courses

YEAR 11 CONDITIONAL ENTRY

With Year 11 Conditional Entry, you can use your performance in Year 11 to secure an early conditional offer into a range of courses at La Trobe, instead of relying on your ATAR.

REWARDS

Skip the ATAR stress and use your Year 11 results | Free Succeeding at University study modules

ACHIEVE PLUS

If you're a high-achieving Year 12 student, you can study a pair of first-year uni subjects as part of your VCE studies to get an early conditional offer to La Trobe.

Choose a subject pair (two subjects total) and study one in each semester, and your marks from those subjects will contribute to your ATAR or replace it with a La Trobe Entrance Score – whichever is higher – to increase your chances of getting into your dream course.

REWARDS

La Trobe Entrance Score | 100% online, free and flexible | Get credit for eligible subjects you've completed at La Trobe

EARLY UNIVERSITY STUDY

If you need an alternative to the traditional ATAR entry, these programs have two options to help get you into uni, and we can help you find the one that's right for you.

Aspire Advance

Study a single first-year uni subject alongside your Year 12 subjects to gain a special La Trobe Entrance Score and an early conditional offer to La Trobe. You'll also get credit for subjects, if you go on to study a related course at La Trobe.

Aspire Prepare

Study three or six micro-subjects in Year 11 and/or Year 12, so you can unlock a La Trobe Entrance Score to get into your dream course, instead of relying on your ATAR.

Prepare is also available for multiple study modes, including unscored or scored VCE, HSC, IB and Vocational Major.

REWARDS

La Trobe Entrance Score | 100% online, free and flexible

ASPIRE GIVES YOU

- ✓ Early conditional offer
- ✓ ATAR note+ subscription
- ✓ Indigenous student support through the RISE – program
- ✓ Financial support for overseas exchange

HOW TO APPLY

Depending on the stream you choose, you'll need to be a current Year 11 or 12 student in Australia. You'll need to submit an Aspire application online and you may need to attach supporting documents, like your Year 11 results or a short statement.

Use the QR code to find out how to apply for each stream.

APPLY NOW

“OBVIOUSLY YEAR 12 IS STRESSFUL AS IS, BUT GETTING AN ASPIRE OFFER DEFINITELY REDUCED MY ANXIETY. I KNEW THERE WAS A SPOT FOR ME AT LA TROBE DOING THE DEGREE THAT I HAD DREAMED OF DOING.”

ANJALI
Aspire student
Bachelor of Laws (Honours)/Bachelor of Biomedicine

1. Excludes any adjustment factors.
2. 40+ scholarships available, subject to change. See website for more details.

INDUSTRY LEARNING

At La Trobe, we want you to hit the ground running. From hands-on learning to industry placements, our courses are designed to equip you for your new career – that's why we're #1 in Victoria for employer satisfaction.¹

LEARNING WITH INDUSTRY

We know nothing beats real-world, practical experience. Unlike other units with a more theoretical approach, we want you to learn the useful stuff employers are looking for.

That's why we've got you covered with work-integrated learning and industry placement options embedded across many of our degrees, giving you the flexibility to get hands-on experience while balancing study, work and life commitments.

Our aim is to equip you with real-world experience, so you can:

- develop work-ready skills that are in-demand with employers
- boost your employability while you are studying
- put theory into practice through learning and mentoring by leading academics and experienced practitioners
- network with colleagues and potential employers
- get exposure to cutting-edge clinical skills and techniques.

GO FURTHER WITH YOUR CAREER

Employers are always on the lookout for the right mix of skill, knowledge and experience.

At La Trobe, there's a few ways to build your resume and expand your professional network with access to dedicated career services and employability programs. These include:

- industry mentoring and networking
- specialist career consultations
- career workshops and events
- leadership programs
- overseas internships and placements
- Career Ready Advantage Award
- Industry Venture Challenge.

You'll also have access to our Career Ready OnLine and CareerHub portal, where you can explore 100+ e-learning programs and resources, get feedback on your resume and cover letter, practice your interview skills, explore job opportunities, and more.

GET REAL WITH INDUSTRY PLACEMENTS

ELECTIVE INDUSTRY PLACEMENTS

We have a range of elective opportunities to gain work-relevant experience for academic credit with our network of industry and community partners. For industry placement minors, there are two options:

Industry placement minor

You'll complete four subjects and 400 placement hours, with the Industry Placement minor listed on your degree.

Industry placement subjects

You'll complete 100 hours of an approved placement as a 15-credit point elective subject.

INDUSTRY PLACEMENT BURSARY

If you're starting an internship or work placement, you may be eligible for an industry placement bursary of \$1,000 to \$2,500, depending on your circumstances.

COMPULSORY PLACEMENT SUBJECTS

If you're studying a health, engineering or education degree, you'll be required to undertake compulsory professional placements as part of your course. You'll undertake clinical or professional education in the form of placements, work-integrated learning, fieldwork and other clinical and professional experience. These subjects are compulsory and required in order to gain professional registration.

CAREER READY INDUSTRY EXPERIENCE

Don't have room in your degree for an elective? The Career Ready Industry Experience is a 2-3 week industry experience that doesn't count toward your total course credit points. You'll choose a project in your area of interest and work virtually in teams to solve a real-world industry challenge for a client. The projects are designed to suit students in any degree and are available at any stage of your course.

¹ Quality Indicators for Learning and Teaching (QILT), 2023, 2022 Employer Satisfaction Survey.

HERE ARE JUST SOME OF OUR PARTNERS

OUTSTANDING FACILITIES

Whether it's taking backing the home team to the next level with our new Home of the Matildas, making research breakthroughs in our state-of-the-art labs or studying flora and fauna up close at our Wildlife Sanctuary, our facilities are world class.

PURPOSE-BUILT LEARNING ENVIRONMENTS

At La Trobe, we're serious about preparing our students for the real world. Our purpose-built facilities and clinical teaching mean that no matter what you study, you'll get hands-on with honing your skills before going out into placements, internships and the workplace.

Our learning facilities include a moot court, dedicated newsroom and broadcasting equipment, state-of-the-art engineering and technology facilities, simulation labs, finance trading rooms, and more.

WORLD-CLASS HEALTH AND SCIENCE FACILITIES

We've invested \$500 million in our health and science learning facilities to ensure our students and researchers have the tools they need to make a real impact.

You'll be studying in upgraded specialist healthcare facilities, such as our recently expanded nursing simulation suites, the newly launched high-tech glasshouse, modern labs, a Paramedicine Practical Laboratory and much more.

RESEARCH AND INNOVATION PRECINCT

Our Research and Innovation Precinct connects students, researchers and private industry to co-create and develop innovative solutions for some of the biggest issues of our time.

The Precinct is home to the Digital Innovation Hub, Bio Innovation Hub and the Australian Food Innovation Centre.

SPORTS PARK

La Trobe Sports Park is the first of its kind in Australia, featuring a leading teaching and research facility and world-class sporting facilities. Sports Park is a hub for professional sports franchises and visiting elite sports teams, boasting a FIFA-1 accredited football pitch, AFL oval, the Pavilion, and the La Trobe Sports Stadium. More recently, the La Trobe Sports Park has become the national base for Football Australia's national women's programs, including the Home of the Matildas, and the State Centres for Football Victoria and Rugby Victoria.

GLOBAL STUDY EXPERIENCE

Take your studies overseas for a once-in-a-lifetime global uni experience.

Want to see the world, make new friends and visit foreign places? Study abroad for a short stay, one semester or a full academic year.

At La Trobe, we offer global experiences with our 120+ partner universities for semester exchange and overseas short programs such as study tours, internships and volunteering.

Study abroad also offers a range of benefits outside the classroom, including building your global networks, getting international experience and expanding your cultural intelligence.

There's also a range of mobility grants and scholarships that can help with the costs of studying abroad, so you can make the most of your time overseas.

CAMPUSES

The campus you choose will be the backdrop to your university years. A character all on its own, campus can be an inspiring, comforting, exciting second home. At La Trobe, we make it easier to study where you choose with seven campuses across Melbourne, regional Victoria and New South Wales.

MELBOURNE (BUNDOORA)

At our main campus, you can study courses from all interest areas. Make the most of your degree with our Sports Park, wildlife sanctuary, social events, clubs and much more. Get a classic university experience while surrounded by bushland – but still just a tram ride from the city.

ALBURY-WODONGA

Here's where curiosity is satisfied; this campus is the 3rd largest research-centre per capita in Australia and home to two University Research Centres. Study the Rural Medical Pathway program, science (including animal and veterinary biosciences), education or health by the Murray River.

MILDURA

Did you know 87% of our Mildura students stay and work locally after graduating? With a focus on nursing, social work and teaching, here's a place where you can make a home while you study. You'll also be supported by the wider Mildura community with local industry experience opportunities in a range of areas.

SYDNEY

If you're looking to study at La Trobe without leaving NSW, here's your first choice. Launched in 2017, our Sydney Campus is a close-knit, richly cultural environment where you can study business, commerce and IT.

BENDIGO

Whatever you want to do – join a vibrant arts scene, access to topline engineering labs or study at Australia's largest rural health school, Bendigo campus is for you. Neighbouring both the Bendigo CBD and the Greater Bendigo National Park, there's plenty for you to explore.

SHEPPARTON

At our Shepparton Campus, you'll benefit from excellent facilities, dedicated staff, a vibrant campus culture and strong connections to our local community.

MELBOURNE (CITY)

In the heart of the Melbourne CBD, postgraduate students have easy access to internships and placements with some of Australia's biggest organisations. If you choose to continue studying after your undergraduate degree, our City Campus is an outstanding metropolitan choice.

ONLINE

There's no campus closer than your own home – or more tailored to how you prefer to study. Online students can head to any of our campuses to use facilities and depending on your subjects, you can even choose to study some classes on-campus if you want.

LIVING ON CAMPUS

DOWNLOAD OUR ACCOMMODATION BROCHURE

Discover your home away from home as you begin your academic journey with La Trobe University.

RESIDENTIAL LIFE

Residential life (AKA Res Life) at La Trobe is like no other. Create lasting memories, make lifelong friends and go on adventures.

Living on res is the place you'll make lifelong friends, be part of a community where you can take part in social events and access extra academic support services. Living on campus is also a safe and secure option, with dedicated staff, on-campus security and residential leaders available to support you. There's on-campus accommodation at our Melbourne (Bundoora), Bendigo and Albury-Wodonga Campuses and we also offer regional student accommodation in Mildura and Shepparton.

You'll enjoy a variety of fun events throughout the year that are safe and inclusive. We host events and programs that cover all aspects of student life, from social to community, academic, cultural, and health and wellbeing.

There's also the annual Residential Ball, where you can dress up, dance and make memories with your friends.

Whether you're in Melbourne or living regionally, there's plenty happening around our campuses. You can attend an AFL football game, explore cultural events, eat at some of Victoria's best cafés, take a tram ride into the CBD and more.

All our residents can develop leadership skills through our Residential Leader program. You can build your key employability skills with professional training.

WHAT'S INCLUDED

STUDY AND LIVE AT ONE OF VICTORIA'S LARGEST UNIVERSITIES

HEALTH, WELLBEING & INCLUSION

Your wellbeing is just as important as your studies. We offer an extensive range of health, wellbeing and inclusion services that support students and their success. From your first days at university to your final semester, we offer free support services at every step.

ACCESSIBILITY AND INCLUSION

We provide support for students who have a disability, an ongoing medical condition or are struggling with their mental health.

INDIGENOUS HEALTH AND WELLBEING

We offer culturally-sensitive support, including support for your studies, referral to appropriate agencies, general psychological support and more.

MULTIFAITH SPIRITUAL WELLBEING

We offer holistic care, compassion and confidential support. Our team are here to listen, encourage and develop your unique journey. We uphold your right to express faith in your own unique way.

RESPECTFUL COMMUNITIES

We have various programs and initiatives to prevent and respond to sexual harm. We also have a Women's Safe Place – a space for all women in all their diversities to feel free, encouraged and enabled to speak and be heard.

UNIVERSITY CRISIS LINE

You can call or text to access free and confidential support from qualified crisis support specialists, who are available to listen and talk through whatever issues are causing you distress.

WELLBEING MENTORS

Our mentors provide short-term wellbeing support for students. It's a free, confidential and safe space to talk about your concerns.

STUDENT FINANCIAL COUNSELLING

If you're experiencing financial difficulty, or need some extra advice and support, we offer free and confidential financial counselling for current students.

MEN'S HEALTH AND WELLBEING

With our trained mental health professionals, we work towards your goals, help you develop new strategies, provide mental health support and a confidential space to talk through what challenges you.

STUDENT WELLBEING CONNECT

If you need a different kind of wellbeing support, with guidance around managing and finding resources and support systems, we're here to help.

LGBTQA+ HEALTH AND WELLBEING

You can access individual and/or group-based support from counsellors, peer support groups, and an ALLY network of staff and students.

LEGAL SERVICE

If you need legal assistance, we offer free and confidential help to students across all our campuses.

COUNSELLING

Counselling is free, confidential and available to all currently enrolled students.

SAFER COMMUNITY

If you're experiencing something concerning, threatening, inappropriate or uncomfortable, we're here to help with expert advice and information, options and referrals, and more.

INDIGENOUS STUDENT SERVICES

We're committed to providing high quality services and opportunities for Aboriginal and Torres Strait Islander students to increase access, participation, retention and success in the higher education sector. Here's just a few of the services we currently offer:

BEFORE YOU JOIN

RISE WITH LA TROBE

If you're an Indigenous high school student or a prospective mature age student, RISE with La Trobe supports and prepares you for uni study. Once you've successfully completed the RISE program, you'll be given a conditional offer to study at La Trobe.

FUTURE STUDENT ADVICE

The Advisor, Indigenous Student Recruitment, can provide information about the University's application and selection process, and about arranging school visits to any of our campuses.

WHEN YOU'RE ENROLLED

INDIGENOUS ACADEMIC ENRICHMENT PROGRAM (IEAP)

Includes one-to-one tuition, group tuition and exam preparation.

INDIGENOUS STUDENTS STUDY SPACES AND ON-CAMPUS SUPPORT

Each campus has an Indigenous student centre, providing Indigenous students with a culturally safe space to study, relax, and connect.

Most of the La Trobe Victorian campuses have a dedicated Indigenous staff member within these centres to advise, assist and support Indigenous students. These spaces are fitted with computers, printers, lounges, fridges and microwaves.

SPECIFIC INDIGENOUS AUSTRALIAN RESOURCES

Where collections exist outside of the library, you can access resources via the respective borrowing process at each Indigenous Student Services unit.

FINANCIAL SUPPORT

If you've experienced significant hardship or family circumstances that impacts upon study and Sorry Business.

ACADEMIC ADVICE AND ADVOCACY

Seek advice on academic, course or administrative requirements, and get advocacy and support in areas such as assignment extensions, 'show cause', special consideration, academic progress and supplementary assessments.

SCHOLARSHIPS

INDIGENOUS ACCESS SCHOLARSHIP

The La Trobe Indigenous Access Scholarship aims to support Aboriginal and/or Torres Strait Islander students studying at a La Trobe University Campus.

Eligibility:

- Identify as a person of Aboriginal and/or Torres Strait Islander heritage.
- Be an Australian or New Zealand citizen or holder of an Australian permanent resident visa or permanent humanitarian visa.
- Be a commencing or continuing your studies at La Trobe in 2025
- Meet the criteria for educational disadvantage.

INDIGENOUS ACCOMMODATION SCHOLARSHIP

We know how important safe, secure and affordable housing is for our students. That's why we're offering Indigenous students a place in our student accommodation across all our campuses.

For students on ABSTUDY with Rent Assistance, we have accommodation options with no gap. This means you can live on campus at no financial cost to you.

Accommodation offers are limited by available stock.¹

Eligibility:

- Identify, be accepted as, or be of Aboriginal and/or Torres Strait Islander descent.
- Apply for admission and receive a course offer at La Trobe, or be currently enrolled in a La Trobe degree.
- Reside, or intend to reside, at a La Trobe University residential accommodation facility.

For detailed information about scholarships, visit latrobe.edu.au/study/scholarships

¹ Full terms and conditions: latrobe.edu.au/study/scholarships/other/indigenous-accommodation-scholarship/terms-and-conditions

ARTS, SOCIAL SCIENCES & COMMUNICATIONS

At La Trobe, you can shape your own future. Choose from over 50 majors and minors in our Bachelor of Arts, tell stories that matter in the Bachelor of Media and Communication, pursue your artistic passion with the Bachelor of Visual Arts, journey through history with Victoria's only dedicated Bachelor of Archaeology, explore the systems that shape our world with the Bachelor of Politics, Philosophy and Economics, or delve into the issues facing regions and countries with the Bachelor of Global Studies.

Whatever path you choose, you'll learn from world-class academics and researchers, develop the human skills you need to thrive, and have the opportunity to build your professional network and experience with internships and placements at organisations like The National Gallery of Victoria (NGV) and Parliament of Victoria.

FEATURE COURSE

BACHELOR OF ARTS

Pursue your passion and your dream profession and keep your career options open. Shape your own future with a choice of around 50 majors and minors from a range of disciplines.

Choose one major from arts, humanities or social sciences, then explore your interests or build essential skills by choosing optional second majors, minors and electives.

MAJORS

Aboriginal studies | Anthropology | Archaeological and heritage studies | Asian studies | Chinese studies | Classics and ancient history | Creative and professional writing | Crime, justice and legal studies | Digital media | English | Environmental humanities | Ethics and social justice | French studies | Gender, sexuality and diversity studies | Greek studies | Hindi studies | History | Human geography | International studies | Italian studies | Japanese studies | Linguistics | Philosophy | Politics | Psychological science | Sociology | Spanish studies | Sustainability and development | Visual cultures

POSSIBLE CAREERS

- Human rights advocate
- Policy analyst
- Community development manager
- Historian
- Digital content producer
- Communications adviser

PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

CRIMINOLOGY & LEGAL STUDIES

Behind every crime is a human story. Explore crime in its broader social context and uncover how both crime and our response to it are shaped by gender, race, power and money, as well as how law and society shape each other through activism, crime trends and the perception of justice. Graduate ready to build a safer community in corrections, policing, criminal justice, policy, research, government and more.

MINIMUM PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

BACHELOR OF GLOBAL STUDIES

Get a strong grounding in the issues facing key regions and countries around the world. Study core subjects examining the history of international relations and geopolitics, contemporary security issues – such as American power, the rise of China, contemporary armed conflict and terrorism – and the emerging challenges of human and environmental security.

MAJORS

Asian politics and security | Chinese studies | Conflict and negotiation | French studies | Government and policy | Greek studies | Hindi studies | Human rights | International relations | Italian studies | Japanese studies | Spanish studies | Sustainability and development

POSSIBLE CAREERS

Foreign affairs
International trade
Policy analyst
Humanitarian support

PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

LANGUAGES & LINGUISTICS

Learn about the structure and history of languages, while examining how communication skills are acquired and developed. You'll select from a range of languages and explore the culture from which your chosen language emerged. You'll also develop an advanced understanding of linguistics, investigating the sound systems used for communication, how sentences are structured, and the ways we use language and interpret meaning.

MINIMUM PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

1. Depending on the language and your demonstrated ability, beginner, intermediate, advanced and extension majors are available. See the La Trobe website for details.
2. Available part-time only.

MEDIA & COMMUNICATION

Learn how to tell stories across any medium. When you study media and communication at La Trobe, you'll develop a portfolio of work, industry experience and specialised knowledge to meet the demands of the rapidly changing media and communication landscape. Explore written, visual and audio media platforms, discover the cultural significance of media and get hands-on production experience in our industry-standard facilities.

MINIMUM PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

PLANNING, ENVIRONMENT & SUSTAINABILITY

Engage with some of the world's most complex challenges. Investigate the social, economic, political and environmental issues faced by society and explore how sustainable development can address these challenges without compromising future generations. Change the way we live for the better by studying our local environments, cities, geography and community priorities; and discover the interaction between nature and humans, the causes propelling anthropogenic climate change, and what's required to slow global warming.

MINIMUM PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

LA TROBE BY YOU: MAJORS, MINORS & ELECTIVES

If your course requires you to select a first major (also known as your cognate major), it will be tagged to your degree so employers can instantly recognise the specialised skills you gained at La Trobe. If there's enough space in your course structure and room in your timetable, you can also customise your degree by adding an optional major, minor or elective from your discipline or an open access major or minor from a completely different discipline.

For a complete list of open access majors and minors, visit the website via the QR code.

“I WANTED A UNIVERSITY THAT COULD EMBRACE MY PERSONAL HOPE AND CATER TO MY NEEDS TO HELP ME BE A GLOBAL CITIZEN. I FEEL LIKE I’M ALREADY ON MY WAY.”

KEVIN
Bachelor of Politics, Philosophy and Economics

The La Trobe website includes complete entry requirements, including extra requirements, information on subject adjustments and requirements for non-Year 12 students. ATAR data is based on the lowest selection rank (excluding adjustment factors) and is correct as of VTAC's January 2024 offer round. For more information, see latrobe.edu.au/courses. Aspire ATARs published are based on entry for Semester 1, 2024 and subject to change. For more information on the Aspire Early Entry Program and how to access the Aspire ATAR, see latrobe.edu.au/aspire. Some courses have alternative application options for regional and First Nations students – these courses are noted. For more information on how to apply, see the VTAC website.

BUSINESS & COMMERCE

At La Trobe, we have a huge range of business, accounting, business analytics, commerce and elite sport business degrees, diplomas and double degrees to choose from.

Our Bachelor of Business is designed to give you a solid foundation in business, with the flexibility to choose from multiple majors. You'll gain foundational skills in areas like accounting and management, and learn how to understand and use data, analytics, forecasting and new business models. You'll graduate with your major displayed on your testamur, so you can show potential employers the specialised skills you gained at La Trobe.

You'll hone your craft in the multimillion-dollar business hub at our Melbourne (Bundoora) Campus, with its simulated financial trading room, specialist lab, thinktank and research facilities.

You'll also have access to placement and mentorship opportunities through our large network of industry partners, including the Carlton Football Club, where you could discover how elite sport businesses operate.

FEATURE COURSE

BACHELOR OF BUSINESS

Prepare to thrive in a digitally disrupted world with this highly flexible degree and start building your dream career in business.

Explore multiple business disciplines in your first year and develop foundational knowledge and enterprise skills in areas such as management, organisational structures, data analytics and ethical business practices. Choose from a wide range of majors, minors and optional second majors.

MAJORS

Agribusiness | Digital business | Economics | Enterprise | Event management | Finance | Human resource management | International business | Management | Marketing | Sport Management | Tourism and Hospitality

POSSIBLE CAREERS

Financial analyst
Business development manager
Marketing manager
Corporate consultant
Economic or market analyst

PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

ACCOUNTING, ECONOMICS & FINANCE

With digital trends shaping the global business landscape, the accounting, economics and finance world is rapidly changing, and we need qualified professionals to meet the growing demand. Learn to apply accounting principles, build skills in quantitative methods and economic modelling, and gain a comprehensive understanding of corporate and international finance, investment valuation and more.

MINIMUM PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

FEATURE COURSE

BACHELOR OF COMMERCE

Get the transferable and technical skills you need to thrive in the rapidly evolving world of business and public policy with our Bachelor of Commerce.

Co-designed with industry leaders, the course provides a unique multidisciplinary set of skills and knowledge. They are achieved through students' flexible choice from a range of double degrees, majors and minors.

In addition to the primary major options, our students are currently enrolled in around 70 different majors and minors from across the University.

MAJORS

Accounting | Business analytics | Economics | Finance | Management | Marketing

CAREER OUTCOMES

- Accountant
- Economist
- Financial adviser
- Marketing manager
- Project manager
- Business analyst

PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

PATHWAY COURSES

Finding a way into university doesn't have to be hard. Whether you're graduating Year 12, switching over from TAFE, or starting your education again after a break, we have a wide range of options to suit your circumstances.

MINIMUM PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

LA TROBE BY YOU: MAJORS, MINORS & ELECTIVES

If your course requires you to select a first major (also known as your cognate major), it will be tagged to your degree so employers can instantly recognise the specialised skills you gained at La Trobe. If there's enough space in your course structure and room in your timetable, you can also customise your degree by adding an optional major, minor or elective from your discipline or an open access major or minor from a completely different discipline.

For a complete list of open access majors and minors, visit the website via the QR code.

“MY COURSE OPENS MY OPTIONS UP FOR THE FUTURE, AS I GET TO STUDY THINGS LIKE FINANCE, ECONOMICS, MANAGEMENT AND MARKETING ALL IN MY COMMERCE DEGREE, SO I DON'T HAVE TO CHOOSE SOMETHING RIGHT NOW.”

LIANA
Bachelor of Commerce/Bachelor of Laws (Honours)

The La Trobe website includes complete entry requirements, including extra requirements, information on subject adjustments and requirements for non-Year 12 students. ATAR data is based on the lowest selection rank (excluding adjustment factors) and is correct as of VTAC's January 2024 offer round. For more information, see latrobe.edu.au/courses. Aspire ATARs published are based on entry for Semester 1, 2024 and subject to change. For more information on the Aspire Early Entry Program and how to access the Aspire ATAR, see latrobe.edu.au/aspire. Some courses have alternative application options for regional and First Nations students – these courses are noted. For more information on how to apply, see the VTAC website.

CRIMINOLOGY

With La Trobe's range of criminology degrees, you can turn your passion into a career. Dive deep into what interests you most with our Bachelor of Criminology or build a unique skillset with a double degree in psychological science, cybersecurity or law.

Whatever you choose, you can set yourself up to thrive in any workplace with work-based learning opportunities at organisations like the Victims of Crime Tribunal or Victoria Police.

Understand how both crime and our response to it are shaped and choose the major, minor and electives that fit your goals. By finding the human stories behind every crime and exploring crime in its broader social context, you can help solve some of our biggest social issues and build safer communities.

ENGINEERING

Shape the world – from machines to buildings to cities – with an engineering degree from La Trobe. Drive change, adapt to emerging fields, build strong foundations in traditional industries and discover the human skills that set you apart with our Bachelor of Civil Engineering (Honours), Bachelor of Engineering Honours (Industrial) or Associate Degree in Engineering Technology.

Gain exposure to industry and government agencies at our annual IT and Engineering Showcase, where you can present your innovative ideas to our current and prospective partners. You'll gain sought-after skills and make connections that will set you up for success.

All of La Trobe's engineering courses include a work-integrated learning (WIL) program, open to high-achieving students who meet the program's requirements. By participating, you'll have the chance to develop skills through practical work placements at renowned companies like Telstra, BMW, and Boral, giving you the real-world expertise to thrive in the fast-evolving engineering industry. If you enter the WIL program, you could be eligible for a scholarship valued at \$11,000.

BACHELOR OF CIVIL ENGINEERING (HONOURS)

Become an expert as you build your knowledge in a wide range of engineering specialties. Develop strong foundations in structural and electrical engineering, and explore the countless possibilities of mechanical engineering. You'll also develop a specialised skillset that's focused on creating sustainable, efficient and durable systems. Understand the importance of high-quality infrastructure design, civil construction and computer-aided design.

You'll learn from leading academics in small classes, giving you an invaluable intimate learning experience. As you progress, you'll have the opportunity to undertake research in sustainability and urban irrigation.

POSSIBLE CAREERS

- Structural or construction engineer
- Geotechnical engineer
- Hydraulic engineer
- Project estimator
- Transportation engineer
- Water resources engineer

PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL. Units 3 and 4: a study score of at least 20 in any Mathematics.

Bachelor of Civil Engineering (Honours)	Bendigo	Sem 1 & 2	4 years	66.25	50.00
	Melbourne	Sem 1 & 2	4 years	65.00	50.00

BACHELOR OF ENGINEERING HONOURS (INDUSTRIAL)

Develop strong foundations across industrial engineering, while exploring areas such as advanced automation, artificial intelligence and digital manufacturing. You'll also choose from multidisciplinary electives, such as business and management, to broaden your skillset and increase your employability.

You'll learn from leading academics in small classes, giving you an invaluable intimate learning experience. And you'll benefit from our state-of-the-art facilities, while developing your industry networks through work placements and networking events with major employers. After graduation, you'll be eligible for membership with Engineers Australia.

POSSIBLE CAREERS

- Data-driven quality controller
- Medical technology designer
- Robotics engineer
- Industrial engineer
- Product design engineer

“ANY ENGINEER CAN DESIGN AND DRAFT UP PLANS, BUT NOT EVERY ENGINEER CAN CONNECT WITH PEOPLE AND LEAD. LA TROBE’S PLACEMENTS MEAN YOU CAN BUILD THOSE HUMAN SKILLS THAT REALLY DO SET YOU APART IN THE WORKFORCE.”

HARRISON
Bachelor of Civil Engineering (Honours)

HEALTH

When you study health at La Trobe, you'll choose from a wealth of degrees. Whether you want to treat patients, promote public health or improve health outcomes with digital technology, there's a course at La Trobe to help get you there.

You won't just learn in the classroom, though. Our clinical approach is unique, featuring dedicated academic teaching and research spaces that have been established and embedded in partner hospitals such as Northern Health, Austin Health, Royal Melbourne Hospital and Alfred Health. This means that undergraduate students can benefit from practice-based training from their second year of study.

We also have the largest rural health school in Australia. With courses across four campuses in regional Victoria, the La Trobe Rural Health School trains students to graduate ready to make a difference in the lives of regional and rural communities around Australia.

INNOVATING HEALTH AT LA TROBE

INVESTING IN THE FUTURE OF HEALTH

As leading experts in the areas of health, science and technology, we're always looking to stay ahead of the trends. We use the latest research, industry insights and technological developments to ensure our courses can keep up with industry demands.

Here are some of the ways La Trobe is making it happen:

Improvements to our course design, including enhanced on-site clinical training with our industry partners.

Clearer pathways and guaranteed entry options to progress into postgraduate studies.

More investment in expanding our student health clinics and state-of-the-art simulation labs.

Increased number of clinical placement opportunities with additional placement support.

Expanded partnership network with major healthcare providers to establish La Trobe as a partner of choice.

Additional support for students with diverse learning needs on clinical placements.

With a critical shortage of skilled healthcare workers in Australia, it's vital for students to be equipped with the right skills and relevant experience.

As leaders in health, science and technology, we're responding to this demand with a large investment in our health courses – so our students are ready from the day they graduate.

We know nothing beats first-hand experience. So, at La Trobe we're expanding our clinical placements and training with new and existing major healthcare partners. That means our students will always have opportunities to put skills and knowledge into practice within live healthcare settings.

We're also investing in our on-site facilities, including more simulation labs and a brand-new student clinic. Here, students will be able to hone their skills on the latest technology or work within a multi-disciplinary setting with on-site supervision – boosting their skills, knowledge and confidence before starting placements with our large network of industry partners.

To keep up to date with the future of healthcare and skilled workforce demands, our courses will need to reflect new and emerging trends. That's why we're making changes to a range of our Health courses to include:

- new majors and minors, and more choice in electives
- greater flexibility with more online study options, to help students balance study, work and life commitments
- accelerated study options to complete a bachelor's degree within 2.5 years
- embedding more work-integrated learning opportunities into the design of our health courses.

We're also streamlining our pathways from undergraduate to postgraduate studies, with guaranteed transition offers into postgraduate studies, so La Trobe students can specialise or diversify their skills by completing their Bachelor's and Master's degree in just four years.¹

“PROVIDING REAL-WORLD OPPORTUNITIES FOR STUDENTS TO HONE THEIR CLINICAL SKILLS IS A REAL FOCUS IN ALL LA TROBE HEALTH COURSES. IT'S THESE EXPERIENCES THAT BUILD CONFIDENCE FOR OUR STUDENTS TO APPLY THEIR SKILLS AND QUICKLY ENTER THE WORKFORCE ON GRADUATING.”

Professor Russell Hoye
Pro Vice-Chancellor, Health Innovation and Dean, School of Allied Health, Human Services and Sport.

“ONE OF THE BIGGEST IMPROVEMENTS IS THE QUALITY OF OUR PRE-CLINICAL SIMULATION FACILITIES ACROSS ALL FIVE CAMPUSES IN MELBOURNE AND REGIONAL VICTORIA, SO ALL LA TROBE STUDENTS RECEIVE EVERY OPPORTUNITY TO CONFIDENTLY PRACTICE THEIR SKILLS FROM THE CLASSROOM, INTO THEIR CLINICAL PLACEMENTS.”

Professor Jane Mills
Pro Vice-Chancellor, Health Innovation (Regional) and Dean, La Trobe Rural Health School.

¹ Eligible courses only. Visit the La Trobe University website for more information.

FEATURE COURSE

BACHELOR OF NURSING

Get the skills to care for people of all ages while building your resilience to navigate a rapidly evolving healthcare sector. Learn from leading clinicians and academics and gain hands-on experience in our state-of-the-art simulation labs. Move into real-world healthcare environments with our top-tier industry partners in your first year.

Develop a strong foundation in a range of specialties such as acute care, chronic illness, Indigenous and mental health.

RENEW OR ADVANCE YOUR EXISTING QUALIFICATION

If you already have a current nursing qualification, or you have a Bachelor's degree or health-related Diploma, you may be eligible for our Bachelor of Nursing (Enrolled Nurse) and Bachelor of Nursing (Graduate Entry) pathways, which allows you to advance your qualifications in just two years.

POSSIBLE CAREERS

- Clinics and hospitals
- Homes and hospices
- Aged care settings
- Schools and universities
- Community health centres
- Government agencies and private industry

PREREQUISITES

Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL.

ALLIED HEALTH & REHABILITATION

When you study allied health and rehabilitation at La Trobe, you'll gain an in-demand skillset with a variety of fields to choose from, including food and nutrition, health sciences, dental science, occupational therapy, oral health science, pharmacy, podiatry, prosthetics and orthotics, speech pathology, orthotics and physiotherapy. Graduate ready to make an impact in the health, wellbeing and quality of life of individuals and communities from day one.

MINIMUM PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

FEATURE COURSE

BACHELOR OF BIOMEDICINE

From day one, learn from experts in the lab, focusing on fundamental knowledge of chemistry, biology, and health. Explore infectious diseases and their driving factors. Progress to advanced topics in molecular biology, physiology, and anatomy.

MAJORS

- Cancer, heart and brain diseases | Immunology and infectious disease | Molecular and cellular biochemistry | Physiology and pharmacology

POSSIBLE CAREERS

- Biomedical researcher
- Biotechnologist
- Pharmaceutical sales representative

PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

FEATURE COURSE

BACHELOR OF HEALTH SCIENCES¹

Get the confidence to create a rewarding career in Australia's fastest-growing sector. Whether you want to work with individuals or whole populations, you'll have the opportunity to fine-tune your skills and get the real-world experience that will set you apart.

In this highly flexible degree, you can choose to major in a range of fascinating areas of the health sciences. You'll also have the option to study an open access major or minor from across the university. You can take up to two majors if you want to broaden your expertise.

MAJORS

Allied health¹ | Digital health¹ | Environmental health | Food and nutrition¹ | Health promotion | Health, wellbeing and performance | Psychological science | Public health | Rehabilitation counselling

POSSIBLE CAREERS

- Environmental health officer
- Digital health officer
- Occupational health and safety officer
- Health promotion coordinator
- Public health manager
- Rehabilitation counsellor
- Nutritionist

PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

¹ This course is pending Academic Board approvals and may be subject to change. See the La Trobe website for the most up-to-date details.

PSYCHOLOGY, COUNSELLING & SOCIAL WORK

Gain an understanding of the human mind and how it influences behaviour, help people living with medical conditions or injuries to improve their quality of life, and enable people to thrive by working towards a socially just and equitable society. You'll build skills in counselling techniques, sociology, human services, clinical and health psychology, developmental and social psychology, assessment, intervention and research.

MINIMUM PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

LA TROBE BY YOU: MAJORS, MINORS & ELECTIVES

If your course requires you to select a first major (also known as your cognate major), it will be tagged to your degree so employers can instantly recognise the specialised skills you gained at La Trobe. If there's enough space in your course structure and room in your timetable, you can also customise your degree by adding an optional major, minor or elective from your discipline or an open access major or minor from a completely different discipline.

For a complete list of open access majors and minors, visit the website via the QR code.

“AT LA TROBE’S CLINIC, I CAN APPLY MY KNOWLEDGE IN A WAY I WOULDN’T BE ABLE TO IN THE CLASSROOM. IT’S A BETTER WAY OF LEARNING, AND OBSERVING THE CLINICAL SUPERVISORS IS HIGHLY MOTIVATING. IT HELPS ME UNDERSTAND WHERE I NEED TO IMPROVE AND SETS THE BAR OF EXCELLENCE QUITE HIGH.”

JOHN
Bachelor of Applied Science/Master of Podiatric Practice

The La Trobe website includes complete entry requirements, including extra requirements, information on subject adjustments and requirements for non-Year 12 students. ATAR data is based on the lowest selection rank (excluding adjustment factors) and is correct as of VTAC's January 2024 offer round. For more information, see latrobe.edu.au/courses. Aspire ATARs published are based on entry for Semester 1, 2024 and subject to change. For more information on the Aspire Early Entry Program and how to access the Aspire ATAR, see latrobe.edu.au/aspire. Some courses have alternative application options for regional and First Nations students – these courses are noted. For more information on how to apply, see the VTAC website.

INFORMATION TECHNOLOGY

When you study IT at La Trobe, you'll develop the skills you need to meet the critical national demand for IT professionals, with study options including artificial intelligence, cloud analytics, data science, cybersecurity, information systems, network engineering, software engineering and more.

You'll get 24/7 access to high-tech labs, including our CISCO labs with 120 switches, 120 routers, 30 adaptive security appliances and 30 wireless LAN controllers. Our Internet of Things lab is equipped with the latest devices, communications networks (LoRa, LoraWAN, 5G, NB-IOT, CAT-M1, HALO), radio equipment and offers access to cloud-based technologies like Amazon Web Services.

Through our network of industry partners, you'll gain real-world experience with organisations like CISCO, Oracle, Optus, Telstra, BMW, Boral and Pivot Maritime International.

GET INDUSTRY EXPERIENCE WHILE YOU STUDY

ACCREDITED BACHELOR'S DEGREES WITH ACS¹

1. Australian Computer Society, 2023, ACS Accredited Courses

WITHIN 4 MONTHS 80% OF UNDERGRADS ARE EMPLOYED²

2. Quality Indicators for Learning and Teaching (QILT), 2023, Computing & Information Systems (Undergraduate)

FEATURE COURSE

BACHELOR OF COMPUTER SCIENCE

Gain technical skills to adapt to emerging technologies in an increasingly digital world. Choose from four majors – artificial intelligence, software engineering, cloud analytics, or data science – to prepare for a specialized career in computer science. Learn to apply your computer science knowledge to solve real-world problems through industry-based learning and mentoring with major corporations.

MAJORS

Artificial intelligence | Cloud analytics | Data science | Software engineering

POSSIBLE CAREERS

- Full stack web developer or programmer
- Big data engineer
- Machine learning engineer

PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.
Units 3 and 4: a study score of at least 20 in any Mathematics.

INFORMATION TECHNOLOGY

MINIMUM PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

FEATURE COURSE

BACHELOR OF INFORMATION TECHNOLOGY

Gain hands-on skills across programming, networking, databases, systems analysis and design, and project management.

You'll also be able to choose a major in areas aligned to future industry growth, including artificial intelligence, cloud analytics, data science, information systems, network engineering or software engineering.

MAJORS

Artificial intelligence | Cloud analytics | Data science | Information systems | Network engineering | Software engineering

POSSIBLE CAREERS

- Analyst programmer
- Web developer
- Systems analyst
- Network engineer
- Database administrator
- Business analyst
- Software engineer
- Machine learning engineer

PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

LA TROBE BY YOU: MAJORS, MINORS & ELECTIVES

If your course requires you to select a first major (also known as your cognate major), it will be tagged to your degree so employers can instantly recognise the specialised skills you gained at La Trobe. If there's enough space in your course structure and room in your timetable, you can also customise your degree by adding an optional major, minor or elective from your discipline or an open access major or minor from a completely different discipline. For a complete list of open access majors and minors, visit the website via the QR code.

FEATURE COURSE

BACHELOR OF CYBERSECURITY

Build a highly specialised technical skillset as you learn about the history of hacking, build your coding expertise, and access industry-based projects and mentoring opportunities with major corporations.

Study the architecture of computer networks and the internet, and examine protocols and services used in the defence of online information. You'll learn the frameworks for cybersecurity governance and risk mitigation based on your emerging understanding of business strategy and risk appetite.

POSSIBLE CAREERS

- _____ Ethical hacker
- _____ Cryptographer/cryptanalyst
- _____ Security architect
- _____ Cybersecurity policy adviser
- _____ Security software developer

PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

PATHWAY COURSES

Finding a way into university doesn't have to be hard. Whether you're graduating Year 12, switching over from TAFE, or starting your education again after a break, we have a wide range of options to suit your circumstances.

MINIMUM PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

COURSE	LOCATION	INTAKE	DURATION	ATAR
Diploma of Information Technology ^(R)	Melbourne	Sem 1 & 2, Term 6	1 year	NP
	Online	Sem 1 & 2, Term 6	1 year	NP
Diploma of Science ^(R)	Bendigo	Sem 1	1 year	NP
	Melbourne	Sem 1 & 2	1 year	44.00

+ Units 3 and 4: a study score of at least 20 in any Mathematics

+ Additional prerequisites to the minimum prerequisites.

DOUBLE DEGREES

Double your employability and truly find your niche – pair your Bachelor's with a degree from another discipline. Depending on your pair, prerequisites and other entry requirements vary for double degrees. Your choice of majors and minors may also be restricted. For more information, visit latrobe.edu.au/courses or contact us to discuss your options.

“MY MAJOR IN ARTIFICIAL INTELLIGENCE ALLOWS ME TO DISCUSS AI ETHICS AND CONCEPTS AND LOOK AT HOW ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING IS USED IN TECHNOLOGY. THE COMPUTER SCIENCE PORTION OF MY DEGREE ALLOWS ME TO TOUCH ON NETWORKS, IT SYSTEMS, THE MATH BEHIND IT, AS WELL AS A BUNCH OF DIFFERENT PROGRAMMING LANGUAGES.”

ISABELLA

Bachelor of Computer Science (Artificial Intelligence)

The La Trobe website includes complete entry requirements, including extra requirements, information on subject adjustments and requirements for non-Year 12 students. ATAR data is based on the lowest selection rank (excluding adjustment factors) and is correct as of VTAC's January 2024 offer round. For more information, see latrobe.edu.au/courses. Aspire ATARs published are based on entry for Semester 1, 2024 and subject to change. For more information on the Aspire Early Entry Program and how to access the Aspire ATAR, see latrobe.edu.au/aspire. Some courses have alternative application options for regional and First Nations students – these courses are noted. For more information on how to apply, see the VTAC website.

LAW

When you study law at La Trobe, you'll develop a highly sought-after skillset in the areas of law required to practice. You will also have access to a wide range of electives, such as environmental law, intellectual property law, mental health law, and international criminal law.

You'll put your knowledge into practice with opportunities for real-world placement experiences – from providing legal advice to clients at the La Trobe Law Clinic, to working at law firms and government agencies, to building mentor relationships with judges, barristers and coroners.

You'll also benefit from opportunities to test your skills, whether that's against fellow La Trobe students at the annual competition night at the Federal Court, or as part of an international moot team at the Nuremberg Court in Germany.

The Bachelor of Laws (Honours) includes all the subjects required by the Victorian Legal Admissions Board to meet the academic requirements for admission to the legal profession in Victoria.

RANKED IN THE TOP 175 WORLDWIDE FOR LAW¹

1. Times Higher Education (THE), 2023, *World University Rankings 2024 by subject: law*

#1 IN VICTORIA OVERALL GRADUATE SATISFACTION²

2. ComparED, 2022, *Student Experience Study 2021 and 2022 by study area: law and paralegal studies – undergraduate*

HIGHLY RATED FOR SKILLS DEVELOPMENT BY GRADUATES³

3. Quality Indicators for Learning and Teaching (QILT), 2023, *ComparED: Laws & paralegal studies (undergraduate)*

FEATURE COURSE

BACHELOR OF LAWS (HONOURS)

Develop the knowledge and expertise to establish yourself as a forward-thinking legal professional. You'll combine outstanding intellectual and skills-based legal training with a progressive approach to law, preparing you for a rewarding career.

Study how legal practice shapes the most pressing challenges of our time, including in areas such as environmental law, international law, intellectual property law, and cyber law and policy.

As you study, you'll build your talents in advocacy, negotiation and dispute resolution, so you'll be ready to apply them in both legal and non-legal settings. Then put your knowledge into practice providing advice to real clients at the La Trobe Law Clinic.

POSSIBLE CAREERS

- Barrister or solicitor
- Policy advisor
- Legal consultant
- In-house counsel

PREREQUISITES

Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL.

HAMMAD
Bachelor of Laws (Honours)

SCIENCE

When you study science at La Trobe, you'll choose from an extensive range of majors, minors and electives, and explore your area of scientific interest with course options in agriculture, animal and veterinary biosciences, biological and biomedical sciences, psychology and more.

You'll benefit from access to high-tech labs – including our \$100 million La Trobe Institute for Molecular Science building – and work with renowned scientists as you take part in experiments and research projects that deepen our understanding of the world.

You'll put knowledge into practice with opportunities for placements and internships with a wide range of industry partners, including Bayer Crop Science, AdAlta, and various state and federal government departments.

RANKED IN THE TOP 200 WORLDWIDE LIFE SCIENCES¹

1. Times Higher Education (THE), 2023, *World University Rankings 2024 by subject: life sciences*

TOP 100 FOR UN'S SUSTAINABLE DEVELOPMENT GOALS²

2. Times Higher Education (THE), 2023, *Impact Rankings 2023*

\$500M INVESTED IN LEARNING & RESEARCH FACILITIES

FEATURE COURSE

BACHELOR OF SCIENCE

Whether it's protecting endangered animals, developing new ways to treat disease or fighting climate change, you'll be ready to pursue your dream journey in science by tailoring your degree with a mix of majors and minors.

As you learn from leading academics and researchers, you'll take a deep dive into science – not only scientific concepts, but also how scientists think, work and share their findings.

MAJORS

Applied cybersecurity | Artificial intelligence | Biochemistry | Botany | Chemistry | Crop science | Data science | Ecology | Genetics | Human physiological sciences | Mathematics | Microbiology | Molecular biology | Pharmaceutical science | Physics | Psychological science | Statistics | Zoology

POSSIBLE CAREERS

- Physicist
- Genetic lab technician
- Chemist
- Data scientist
- Microbiologist

PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.
Units 3 and 4: a study score of at least 20 in any Mathematics.

AGRICULTURAL, ENVIRONMENTAL & BIOLOGICAL SCIENCES

When you study agricultural, environmental and biological sciences at La Trobe, you'll gain an in-demand skillset with a variety of fields to choose from, including agriculture, animal and veterinary biosciences, biological sciences, science, veterinary nursing, and wildlife and conservation biology. Whatever path you choose, you'll graduate with the research skills, knowledge and industry experience you need to make a real impact.

MINIMUM PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

1. Students commencing studies at Albury-Wodonga are required to transfer to Melbourne from second year.
2. The Bachelor of Biomedical Science (Medical) is subject to extra entry requirements in addition to meeting minimum ATAR or Aspire ATAR requirements, including multiple mini-interviews and evidence of rural status. See latrobe.edu.au/courses for details.
3. This course is pending Academic Board approvals and may be subject to change. See the La Trobe website for the most up-to-date details.
+ Additional prerequisites to the minimum prerequisites.

FEATURE COURSE

BACHELOR OF BIOLOGICAL SCIENCES

This degree is all about getting your hands dirty. You'll start practical classes from your first year – both in our on-campus labs and facilities, and out in the field.

Get a glimpse into your professional future in science with industry-led workshops and seminars, as well as opportunities for work placements. Customise your course with a major of your choice. This degree also gives you the option to take a double major or choose an additional minor.

MAJORS

Biochemistry | Botany | Ecology | Genetics | Human physiological sciences | Microbiology | Zoology

POSSIBLE CAREERS

- Biological scientist
- Microbiologist
- Environmental consultant
- Biosecurity officer
- Geneticist

PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

COMPUTER SCIENCE & INFORMATION TECHNOLOGY

Develop a strong set of core IT and computer science skills across programming, networking, databases, systems analysis and design, and project management. Learn how to design complex systems, build databases and use programming languages to solve problems. Graduate with the in-demand technical skills, knowledge and industry experience you need to succeed.

MINIMUM PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

DATA SCIENCE, MATHEMATICS & STATISTICS

Turn your passion for data science, mathematics and statistics into a career at La Trobe. Whether you study business analytics, commerce, computer science, IT or science, you'll develop an advanced skillset and learn how to collect and interpret data, identify patterns, predict trends, formulate and model abstract problems, estimate and predict the future with statistical thinking, and much more.

MINIMUM PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

PHYSICAL SCIENCES

How does the human body function when it's healthy and when it's affected by disease? What are the underlying causes of disease and how can we improve their diagnosis and treatment? How can we understand the properties and impacts of medicines? How can an understanding of biology help us plan for and react to infection, epidemics and pandemics? These are the questions you'll aim to answer as a student in the physical sciences.

MINIMUM PREREQUISITES

Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

1. This course is pending Academic Board approvals and may be subject to change. See the La Trobe website for the most up-to-date details.
 + Additional prerequisites to the minimum prerequisites.

DOUBLE DEGREES

Double your employability and truly find your niche – pair your science Bachelor's with a degree from another discipline. Depending on your pair, prerequisites and other entry requirements vary for double degrees. Your choice of majors and minors may also be restricted. For more information, visit latrobe.edu.au/courses or contact us to discuss your options.

LA TROBE BY YOU: MAJORS, MINORS & ELECTIVES

If your course requires you to select a first major (also known as your cognate major), it will be tagged to your degree so employers can instantly recognise the specialised skills you gained at La Trobe. If there's enough space in your course structure and room in your timetable, you can also customise your degree by adding an optional major, minor or elective from your discipline or an open access major or minor from a completely different discipline.

For a complete list of open access majors and minors, visit the website via the QR code.

“I REALLY ENJOY BEING ABLE TO DO THE PRACTICAL ELEMENTS OF BOTH THOSE SUBJECTS. I WANT TO GO INTO PUBLIC POLICY ON CLIMATE CHANGE ... AND BEING ABLE TO HAVE BOTH SCIENCE AND LAW DEGREES GIVES ME THAT KNOWLEDGE TO BE ABLE TO DO POLICY IN THAT AREA.”

EMILY
Bachelor of Laws (Honours)/Bachelor of Science

HOW TO APPLY

Studying at uni is a big step, so we've pulled together a range of tools to help you find a way into your dream course.

1

USE THE ATAR CALCULATOR

If you're applying as a Year 12 student, use your real or estimated ATAR score to find courses that match your interest.

[La Trobe calculator](#)

2

FIND YOUR COURSE

Browse by discipline at latrobe.edu.au/study or search by ATAR.

[La Trobe course by ATAR](#)

3

FIND OTHER OPTIONS

Worried about your ATAR? Use our ATAR adjustment calculator to estimate how SEAS and other factors can boost your ATAR.

[La Trobe adjustment factors](#)

Alternatively, you can consider entry via the Aspire Early Entry Programs.

[La Trobe pathways finder](#)

4

GET YOUR CHECKLIST

Visit our Year 12 Hub to guide you through all the steps for making the right study choices.

Find out more: choose.latrobe.edu.au

HAS IT BEEN A WHILE SINCE YOU LAST STUDIED?

If you haven't completed Year 12, completed it some time ago, or don't have an ATAR, our free Tertiary Preparation Program (TPP) unlocks a La Trobe Entrance Score and access to our courses. Your tailored program will develop study fitness, build academic and communication skills, and prepare you to overcome study challenges.

Learn more: latrobe.edu.au/tpp

HECS EXPLAINED

Most students don't need to pay their student contribution amount upfront. If you're an Australian citizen, or eligible under other conditions, your payment will be deferred under the HECS-HELP scheme. HECS-HELP is a government loan that you don't need to repay until your income reaches a certain level.

Learn more: latrobe.edu.au/study/undergrad/costs

THE APPLICATION PROCESS

Follow the path to discover the best way to apply. Some courses have special application processes, which you can find on your course's webpage.

CAN I APPLY DIRECT?

If you're not in Year 12 and only applying for one course, you can apply directly to La Trobe without using VTAC or UAC. Just head to your course's web page and follow the instructions to apply online.

Semester 2 intake is via Direct Applications only, and not all courses are available via Apply Direct in Semester 1. Make sure you check your course's details.

The information on this page is meant for domestic students only. You are considered a domestic student if you are an Australian or New Zealand citizen, Australian permanent resident, or permanent humanitarian visa holder.

Information on how to apply as an international student can be found online at latrobe.edu.au/study/apply/international. VTAC typically opens for applications in August of each year.

1. Semester 2 intake is via Direct Applications only. Not all courses available via Apply Direct in Semester 1. Not all courses available for intake in Semester 2.

KEY TERMS

There's a lot to learn at uni – including how to talk about it. Here's the meaning of some key words and phrases we use in this guide.

ADJUSTMENT FACTORS

Adjustment factors are additional factors we consider in your application based on your personal circumstances and performance. Adjustment factors may be added to your raw ATAR.

ADVANCED STANDING

If you've completed relevant and formally recognised studies at another uni or TAFE, or have suitable work experience, you may get advanced standing (also known as 'credit') towards a qualification. This means you may finish your course faster.

ASPIRE ATAR

If you're applying for an Aspire Early Entry Program, you may be eligible for an Aspire ATAR – the score you need to lock in a conditional offer. An Aspire ATAR is usually lower than a regular ATAR – it's our way of encouraging you to reach higher than you thought you could.

Your conditional offer may be converted to a full offer if you meet the Aspire ATAR and your Aspire program requirements, as well as any prerequisites from the course you're applying for.

Some Aspire programs also allow you to access a La Trobe Entrance Score, another alternative to a standard ATAR.

AUSTRALIAN TERTIARY ADMISSIONS RANK (ATAR)

A number between 0.00 and 99.95 to rank your Year 12 results against other students' results.

COMMONWEALTH SUPPORTED PLACE (CSP)

When you're offered a CSP, the government subsidises your course fees and you only need to pay for part of your tuition, known as the 'student contribution amount'. All domestic undergraduate places at La Trobe are CSPs.

EARLY ENTRY PROGRAMS

Early entry programs give you an alternative way to get into your dream course by considering factors like community contribution, achieving good results in Year 11 or taking extra uni studies.

ENTRY REQUIREMENTS

Each course has different requirements to be granted entry. These requirements are usually made up of qualifications, subjects or exam grades.

HONOURS

Honours studies are advanced studies attached to undergraduate degrees that give you a higher qualification than a three-year degree. Many people do Honours so they can continue to postgraduate studies. Depending on your course, this may involve an additional year of study, though some courses have it built in.

INDUSTRY PLACEMENTS

Also known as Work Based Learning (WBL) or Work Integrated Learning (WIL), an industry placement is a combination of educational theory in the classroom plus real-world experience in a workplace.

LA TROBE ENTRANCE SCORE

If you complete any subjects or micro-subjects for Year 11 and Year 12 students as part of our Aspire Achieve Plus, Aspire Advance or Aspire Prepare early entry programs, you'll also gain access to a La Trobe Entrance Score as an alternative to both a standard and Aspire ATAR.

We've looked closely at the performance of students in these subjects and micro-subjects to apply a score associated with future performance and believe it's a great indicator of how you'll succeed at uni.

MAJOR

A major is a way to focus your undergraduate course in a 120-credit point sequence of related subjects spread across its duration.

For some courses, you're required to choose a first major (also known as a cognate major) that adds a tag to your degree – like a Bachelor of Arts (Digital Media).

In other courses, majors are optional – as long as there's enough spare credit points and room in your timetable. This includes taking an optional second major from your course's discipline or an open access major from a completely different discipline.

MINOR

A minor is an optional 60-credit point sequence of related subjects studied in your undergraduate course.

If there's enough spare credit points in your course and room in your timetable, up to two minors can be taken in your course or first major's discipline, or you can take an open access minor from a completely different discipline.

PATHWAYS

Pathways can help you enter your chosen course by studying another qualification first. For example, the Diploma of Arts could be a pathway to applying for the Bachelor of Arts. Entry is based on competitive selection and entry requirements. See our website for more details.

PREREQUISITES

Prerequisites are subjects you must have previously completed to be eligible for consideration for a particular uni course.

SCORED/UNSCORED VCE

A scored VCE program gives you an ATAR and requires you to complete coursework and exams for at least four subjects. In the unscored VCE option, you complete the VCE coursework but don't sit exams, and aren't given an ATAR.

STUDY SCORE

This shows how well you performed in Units 3 and 4 of a subject compared to everyone else in Victoria who took the subject. The mean study score is 30, above 38 puts you in the top 15% and the maximum study score is 50.

VET

Vocational Education and Training.

WEIGHTED AVERAGE MARK (WAM)

The calculation we use instead of the grade point average (GPA).

We calculate your WAM by using:

$$\frac{\text{Sum of (final marks x subject credit points)}}{\text{Sum of total credit points}}$$

$$\frac{\text{Sum of (final marks x subject credit points)}}{\text{Sum of total credit points}}$$
