Welcome to The University of Notre Dame Australia's Undergraduate Student Guide 2025

OUR OBJECTS

The Objects of the University are:

- a) the provision of university education within a context of Catholic faith and values; and
- b) the provision of an excellent standard of –
 - i) teaching, scholarship and research;
 - ii) training for the professions; and
 - iii) pastoral care for its students.

ACKNOWLEDGMENT OF COUNTRY

The University of Notre Dame Australia is proud to acknowledge the traditional owners and custodians of this land upon which our University sits. The University acknowledges that the Fremantle Campus is located on Wadjuk Country, the Broome Campus on Yawuru Country and the Sydney Campus on Gadigal Country.

A Notre Dame education is a transformative experience, which empowers our students to achieve their goals and work for the common good in our world. We value our students as the individuals they are and provide a nurturing and vibrant learning environment, with a distinct emphasis on practical work placements, giving a unique learning advantage to our graduates.

The story of The University of Notre Dame Australia is a remarkable one. Since its establishment, Notre Dame has grown to be a national university, with campuses across Australia in Fremantle, Broome, and Sydney. Our expanding national footprint is matched by our growing student population. This year, we have welcomed double the number of students to our Sydney campuses.

Joining Notre Dame is an opportunity for our students to become part of a community, not just a university. We continue to strive for individualised pastoral care, providing a holistic, high-quality educational experience to every single student. Anchored in the rich heritage of the Catholic Intellectual Tradition, we aim to educate the whole person — the academic, social, physical and spiritual facets — and provide our students with the tools to thrive and make important contributions to their communities. It is this emphasis on the individual learning experience that has led Notre Dame to be ranked fourth-highest in the country — including first in New South Wales and second in Western Australia — for student satisfaction in the Australian Financial Review's Best Universities Ranking 2023.

A Notre Dame education equips our students with the knowledge and critical-thinking skills needed to tackle the challenges of an ever-changing work environment by encouraging them to view the world from a different perspective and make ethical decisions.

Our emphasis on practical experience means our students benefit from real-world learning opportunities via work placements, internships, and volunteering and they graduate job-ready. We believe this is one of the reasons Notre Dame is rated 5-stars for Teaching Quality, Skills Development, Learner Engagement, Graduate Salary and Full-Time Employment.*

A distinguishing characteristic of the University is its Core Curriculum, which is embedded in all our degrees. This program provides our graduates with transferable skills that are integral to every industry, vocation and profession, laying the foundation for a fulfilling career and a purposeful life spent contributing to the common good.

At Notre Dame, we draw upon a wealth of teaching, scholarship and research, the foundations of which we share with more than 2,000 other Catholic universities and colleges around the world. We welcome equally students of all religious faiths and traditions as well as those who do not profess religious faith, and, as a community, we encourage respectful debate and open discussion.

We provide opportunities for our students to expand their minds and tap into their individual talents and interests through our range of university clubs and societies, a variety of leadership roles in the Student Association, as well as opportunities to volunteer or even study abroad.

Choosing the right university is an important decision. Thank you for considering The University of Notre Dame Australia and should you have any questions, I warmly encourage you to get in touch with our team. I look forward to welcoming you on campus in 2025.

Professor Francis Campbell
Vice-Chancellor

Begin studying at Notre Dame University in 2025

notredame.edu.au/early-offer

Boosting your employability

By studying at Notre Dame, you enjoy unparalleled opportunities to develop the skills and experience necessary to give you a competitive edge in the ever-evolving employment marketplace.

Professional experience

Our degrees focus on preparing you for the workplace by providing theoretical knowledge, as well as practical skills and a multitude of professional experience opportunities.

In fact, practical workplace experience forms part of every degree at Notre Dame, which means you benefit from numerous opportunities to develop and refine the skills needed to enhance your employability and ensure you graduate job-ready.

We also offer an extensive array of joint initiatives with business and industry, as well as internship and mentoring opportunities to provide you with chances to work alongside experts and professionals in your field of endeavour. In addition, Notre Dame's Volunteer Network offers opportunities that allow you to give back to the community while adding real-life experience to your CV.

Learning from experts

Notre Dame provides a supportive classroom environment that facilitates discussion and practical, career-focused learning. Students benefit from the expertise of our lecturers, who are leaders and experts in their field, many of whom are actively working in their industry. So, you can rest assured knowing that you are learning from the best and developing the most up-to-date and applicable skills and knowledge relevant to your field of study.

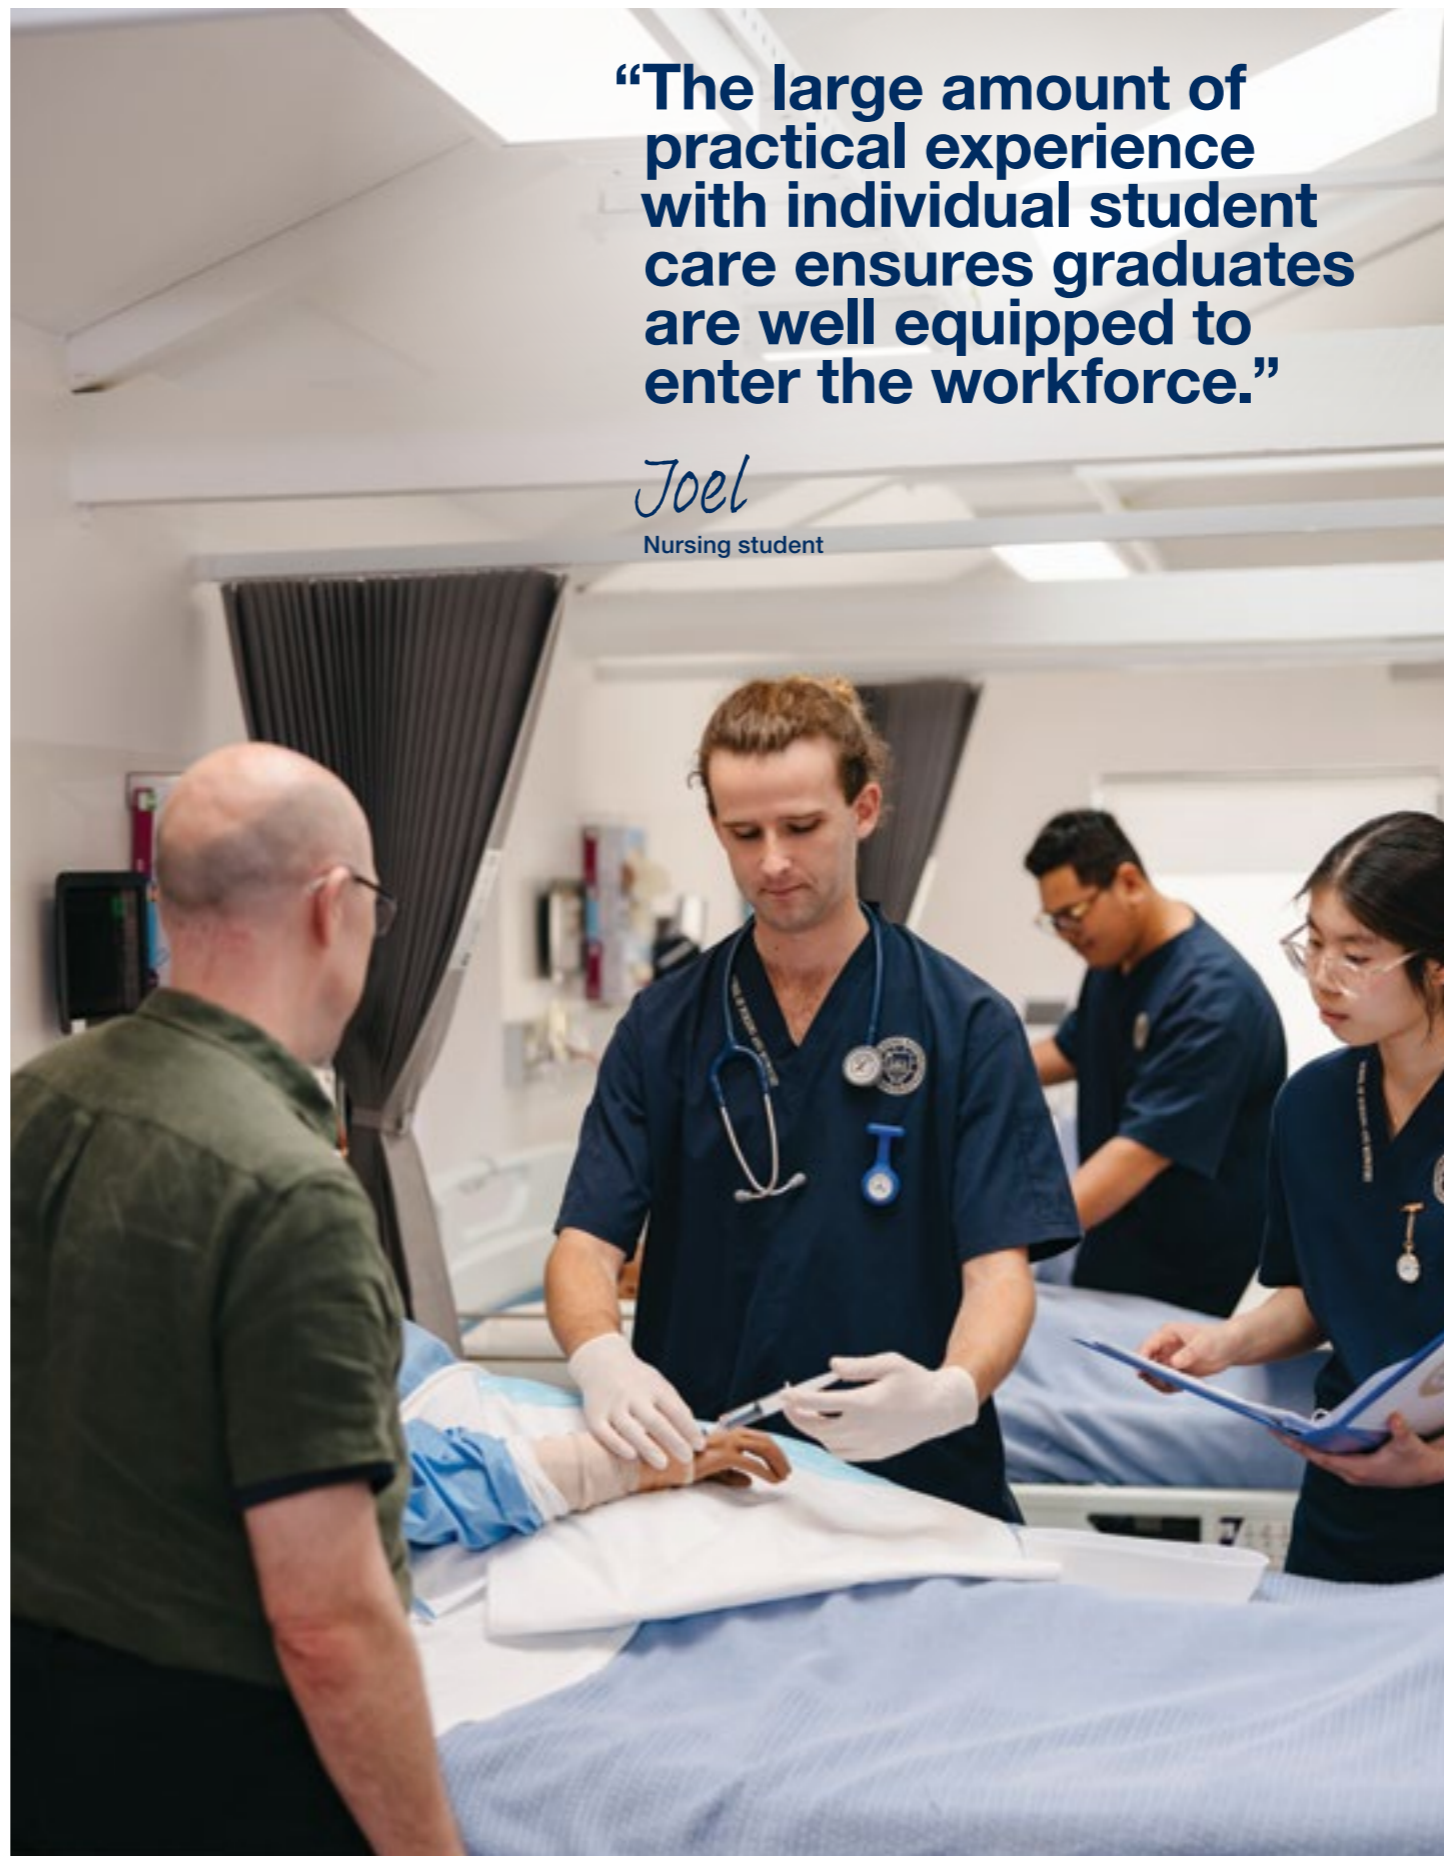

Career support

From day one of your studies, the Careers and Employability service can help you develop your employability skills and support you with your career planning and preparation. We offer an appointment-based service and a 24/7 career service platform called CareerHub, which is full of helpful resources to support your career journey. Once you enrol, simply visit careerhub.nd.edu.au to access the Careers and Employability service.

Your degree for life: the Core Curriculum at Notre Dame

The Core Curriculum is embedded in every degree. It is a distinguishing characteristic of Notre Dame and provides our graduates with transferable skills that are integral to every industry, vocation and profession, laying the foundation for a fulfilling career and a purposeful life. The first course, Foundations of Wisdom, introduces you to some of the most important ideas in philosophy, ethics and theology. After that you will take one more course from a range of courses developed through the School of Philosophy and Theology and in collaboration with other disciplines. You might go on pilgrimage, or take up another offering that will give you training in what it means to serve the world in fulfilling ways. Above all, you will learn to be creative and reflective, so that you can achieve your professional goals, while contributing to the common good.

“The large amount of practical experience with individual student care ensures graduates are well equipped to enter the workforce.”

Joel

Nursing student

Global experience

Notre Dame aims to produce graduates who are recognised as global citizens and who work for the common good. Boost your global employability by taking advantage of the opportunities available at Notre Dame, including our student exchange program, international professional placements, study tours and overseas volunteer opportunities.

Notre Dame has a vast network of exchange partner institutions in Europe, North America and Asia, where you can study for a semester of your degree and develop a global perspective. Enjoy a different culture, expand your horizons and learn new skills while you study. At the same time, you're adding valuable dimensions to your university education and increasing your employability in a competitive global market.

Please see pages 24 and 25 for more information about study abroad and student exchange opportunities.

OUR CAMPUSES

Featuring heritage buildings and leafy courtyards, Notre Dame's **Broadway Campus** provides a welcoming social hub in the heart of a bustling city.

BROADWAY CAMPUS

◀ BROADWAY SHOPPING CENTRE

Supermarkets, department stores, over 100 specialty shops, food court, cafes and cinema

DARLING HARBOUR
Eateries, shops, museums and entertainment venues

SYDNEY HARBOUR BRIDGE

CENTRAL PARK MALL
Supermarket, specialty shops, eateries and cinema

CENTRAL STATION
Australia's largest station with bus, light rail and train services to all areas of Sydney as well as national services

TARONGA ZOO
Home to more than 400 animals from Australia and around the world

Vibrant city life

Notre Dame's Broadway Campus is located in the colourful inner-city suburb of Chippendale among Sydney's most vibrant neighbourhoods. Nearby hotspots include:

- | | |
|-----------------------------|----------------|
| Broadway Shopping Centre | Palace Cinemas |
| Hoyts Cinemas | Glebe |
| Over 100 specialty outlets | Newtown |
| Central Park Mall | Sydney CBD |
| Sydney's famous Spice Alley | |

Schools

The University has 13 buildings located throughout Chippendale to accommodate our growing student population. The Broadway Campus is home to our School of Law & Business, School of Arts & Sciences, School of Philosophy & Theology and School of Education.

Transport

Close to the Sydney CBD, our Broadway Campus is situated on multiple bus routes, and is just a short walk from both train and light rail stations.

BUS | Parramatta Road
Buses to and from the city every few minutes

TRAIN | Central Station (10-min walk)
Services to all areas of Sydney
National services also available

LIGHT RAIL | Central Station (10-min walk)
Services to Darling Harbour and the Inner West

OUR CAMPUSES

Notre Dame's Darlinghurst Campus is minutes from the Sydney CBD and the cultural centres of Surry Hills and Paddington.

KINGS CROSS STATION
Major station with train services to all areas of Sydney as well as national services

MUSEUM STATION
Heritage-listed station on the city circle route with train services to western and southern suburbs

SYDNEY CENTRAL BUSINESS DISTRICT
Offices, shops, eateries and nightlife

SYDNEY HARBOUR BRIDGE

SYDNEY OPERA HOUSE

DARLINGHURST CAMPUS

ST VINCENT'S HOSPITAL
A leading Sydney hospital and research facility

OXFORD STREET
Retail and restaurant hub with buses to and from the city and Eastern Suburbs

Vibrant city life

Just metres from St Vincent's Hospital, the Darlinghurst Campus is home to our future health experts. Nearby hotspots include:

- | | |
|---------------------------------|--|
| Darlinghurst and Surry Hills | Australian Museum |
| Palace Verona Cinemas | Art Gallery of NSW |
| Live music venues | Royal Botanic Gardens |
| Galleries | Pitt Street Mall |
| Cafés | Bondi Beach (10-min by bus) |
| Sydney CBD (15-min walk) | Circular Quay, Opera House, Harbour Bridge and The Rocks (15-min by bus) |
| Hyde Park | |
| Sydney Tower | |
| Queen Victoria Building | |
| Shops and luxury fashion brands | |

Schools

Notre Dame's Darlinghurst Campus is home to our students who are studying Medicine, Nursing and Health Sciences degrees. Here, students have access to excellent facilities including simulated wards and consultation suites.

Notre Dame also has eight clinical schools spread throughout NSW and Victoria, giving students the opportunity to develop their skills in both urban and rural healthcare. Please see page 89 for further information on our clinical schools.

Transport

The Darlinghurst Campus is a short walk from major train stations and is well served by many bus routes.

- BUS | Oxford Street**
Buses to and from the city and Eastern Suburbs every few minutes
- TRAIN | Kings Cross Station (10-min walk)**
Services to all areas of Sydney
National services also available

OUR CAMPUSES

30 minutes via train from the centre of Perth, **Notre Dame's Fremantle Campus** is located in the port city of Fremantle's West End. Housed in historic buildings with a café on every corner, it boasts both charm and convenience.

SWAN RIVER
Popular for sailing and paddling, with many picnic spots along its banks

ROTTNEST ISLAND FERRY TERMINALS

FREMANTLE TRAIN STATION AND BUSPORT
Train services to western suburbs and Perth central business district as well as bus services to all areas of Perth

WALYALUP KOORT (TOWN SQUARE)
Global food vendors, entertainment venues, supermarket and city library

Main street of cafés, restaurants and pubs

ESPLANADE PARK
Large shady park home to regular public events

FREMANTLE HOSPITAL

FREMANTLE CAMPUS

BATHERS BEACH
Sheltered beach for swimming, next to cafés, restaurants and bars

FREMANTLE FISHING BOAT HARBOUR WATERFRONT
Seafood restaurants and brewery

PERTH CENTRAL BUSINESS DISTRICT
Offices, shops, eateries and nightlife

FREMANTLE MARKETS
Local food, clothes, jewellery, homewares and more

FREMANTLE ARTS CENTRE
Art exhibitions and classes, cafés, live music events and markets

Vibrant city life

Vibrant. Friendly. Inner-city. Instagram-worthy. These are some of the words our students use to describe university life at Notre Dame's Fremantle Campus.

Unwind between classes in our refurbished student hall or relax at the Esplanade Park – a two-minute walk from campus. You're never far from a café, and the Cappuccino Strip and Fishing Boat Harbour are home to numerous restaurants. The brand new Walyalup Koort development hosts an array of eateries and entertainment options including bowling and mini golf. Then there is Bathers Beach, only a few steps from campus, which makes the perfect getaway on those long summer days.

Schools

Featuring heritage buildings and leafy courtyards, Notre Dame's Fremantle Campus provides a welcoming social hub in the heart of historic Fremantle. Located in the West End of the city, the University has 53 buildings to accommodate our growing student population. The Fremantle Campus is the foundation Campus and is home to our School of Nursing & Midwifery, School of Health Sciences, School of Medicine, School of Arts & Sciences, School of Law & Business, School of Education and School of Philosophy & Theology.

Transport

Just minutes from the centre of Fremantle, the campus is only a short walk from the train station and busport. From there, it's a 30-minute train ride to Perth city, with buses running regularly to suburbs across Perth.

OUR CAMPUSES

Located on the stunning, tropical north-west coast of Australia, Notre Dame's Broome Campus supports important connections with local Indigenous communities and offers the only opportunity for remote regional tertiary education in Australia.

Extraordinary remote experience

On the north-western tropical fringe of Australia, Notre Dame's Broome Campus is located centrally on Yawuru Country in this culturally-diverse town, providing the only opportunity for remote regional tertiary education in Australia.

Broome is known for its culture and arts, connecting people with the extensive Kimberley region. Within the town itself Notre Dame's Broome Campus is close to numerous focal points including:

- Renowned Cable Beach
- Broome Chinatown, home to Broome's rich multicultural pearling heritage
- Tourist opportunities including Indigenous cultural tours, art galleries, Malcolm Douglas Crocodile Park and the Broome Bird Observatory
- Broome Boulevard Shopping Centre and Paspaley Plaza with more than 50 shops combined
- Broome Recreation and Aquatic Centre
- Multiple restaurants and event venues to support a thriving arts and culture scene

Schools

Originally the Nulungu College for remote Kimberley Aboriginal students to attend the neighbouring Catholic school, Broome Campus has more than 20 buildings on 5 hectares of tropical and bush tucker gardens. With Graduation Square positioned at the heart of the campus, we also have a range of accommodation options available on site. Additional facilities include a multi-purpose hall, venues available for use by the community and a library boasting a vital local history collection. The campus is home to the Nulungu Research Institute, Majarlin Kimberley Centre for Remote Health courses in Medicine and Nursing, and Vocational Education Training pathways.

Transport

Central to all activities within the township, the Broome Campus is situated close to the main bus route and just a short walk or bike ride to anywhere within the town.

A world of opportunities

A global perspective adds a valuable dimension to your university education. At Notre Dame you can study while experiencing the world.

We encourage students to become active global citizens through a range of exchange programs, professional placements, study tours and volunteer opportunities.

New Colombo Plan scholarship opportunities

Thanks to funding from the Federal Government's New Colombo Plan, students may have the opportunity to apply for grants and scholarships to assist with the travel and living costs associated with overseas study in the Indo-Pacific during their Notre Dame degree.

Student exchange program

Notre Dame's student exchange program allows students to explore other countries and cultures while studying and earning credits towards their degree. Notre Dame has a number of exchange partnerships with universities in Europe, North America and Asia.

Visit notredame.edu.au/students/opportunities-and-experiences/study-abroad-and-exchange-programs for details of destinations.

“Notre Dame’s study abroad program gives students a whole new perspective on their future career. This experience taught me to consider my career with a global worldview and a greater perspective on how my decisions can impact others.”

Esther

Kings University College at Western University in London, Canada

Student exchange partner institutions

Asia

- Catholic University of Korea, Republic of Korea
- Fu Jen Catholic University, Taiwan
- LASALLE College of the Arts, Singapore
- Parahyangan Catholic University, Indonesia
- Sogang University, Republic of Korea
- Sophia University, Japan

Europe

- Catholic University of Paris, France
- Leeds Trinity University, England
- Lyon Catholic University, France
- Mary Immaculate College, Ireland
- Maynooth University, Ireland
- Paderborn University, Germany
- Pázmány Péter Catholic University, Hungary
- St Mary's University, Twickenham, London, England
- University of Navarra, Spain

North America

- Boston College, Massachusetts, USA
- Catholic University of America, Washington, DC, USA
- College of Saint Benedict & Saint John's University, Minnesota, USA
- DeSales University, Pennsylvania, USA
- Kings University College at Western University, Ontario, Canada

- St. Edward's University, Texas, USA
- St. Mary's University, Alberta, Canada
- University of Notre Dame du Lac, Indiana, USA
- University of Portland, Oregon, USA
- University of San Francisco, California, USA

Global gateways

The Global Gateways Agreement is an exciting partnership with our founding partner, the University of Notre Dame du Lac, Indiana (USA). Students will have the opportunity to study and engage in research at Notre Dame's main campus near South Bend, Indiana, or at other intellectual hubs around the globe, such as in London and Jerusalem.

Overseas study tours

You can participate in overseas study tours while earning credits directly towards your degree. You can participate in intensive study programs which combine unique academic and practical learning experiences.

Cultural immersion and volunteering

Notre Dame students have a rich history of making a difference through involvement in cultural immersion programs and volunteer projects both in Australia and abroad. Once you enrol, you can contact your chosen school to find out more about the opportunities available to you.

Study abroad with destinations across Europe, North America and Asia.

*Pins represent approximate locations.

Connected online and on campus

Whether you're studying online or on campus, Notre Dame's student experience is all about student success, wellbeing and a vibrant campus life.

Student Associations

Notre Dame's Student Associations are at the heart of student life at the University. As a student you are a member of an association that represents and supports all students and develops Notre Dame's unique student community. There are also numerous student clubs and societies offering opportunities for you to develop socially, professionally, spiritually and academically.

We encourage you to engage with Fremantle's Notre Dame Student Association (NDSA) and the Sydney Student Association of the University of Notre Dame Australia (SAUNDA), as you automatically become a member of the Student Association on your campus when you enrol at the University.

For more information about student associations, clubs and societies, visit the NDSA website at ndsacom.com.au and SAUNDA website at saunda.org

Volunteering

As a student you can make a difference through volunteering. Notre Dame offers opportunities which allow you to give back to the community and strengthen your real-life experience. Volunteering as a group is all about building community. Student Life provides volunteering opportunities for students in Fremantle and Sydney.

Mentoring Program

The Student Mentoring Program connects new students with experienced students (mentors) at Notre Dame. Mentors help first-year students by providing support, advice and information on how to be a successful student, assisting you in your transition to university. It's a great way to meet people and to make the most of your uni experience.

Careers and Employability

From day one of your studies at Notre Dame, the Careers and Employability service can help you develop your employability skills and support you with your career planning and preparation.

We offer an appointment-based service and a 24/7 career service platform called CareerHub, which is full of helpful resources to support your career journey. Once you enrol, simply visit careerhub.nd.edu.au to access all of the careers resources, services and information.

Sports

Immerse yourself in all the fun, community and competition of sport and recreation. On campus we offer new experiences, free opportunities to get active and connect with your peers. Nightly social sport, daily fitness classes and weekly events to try new hobbies all await. For the off-campus competitors we have annual trips to UniSport Nationals to take on universities from around Australia, plus local events against our WA rivals.

Elite Athlete Program

Notre Dame is part of the Elite Athlete Education Network, committed to supporting Australia's elite athletes to achieve academic excellence while pursuing a sporting career. Eligible elite athletes will be able to explore flexible study arrangements during the course of their university degree, as well as receiving some extra-curricular benefits.

Accommodation

Living in student accommodation when first moving out of home is a great way to make friends with fellow students who are on the same journey of discovering independence. Being able to hang out, dine, study and attend social events is a great cure for homesickness. Visit the accommodation webpage for more information about Student Accommodation sites around the Fremantle Campus.

If you're based in Sydney, there are a number of off-campus accommodation options available in the heart of Sydney close to our Broadway and Darlinghurst Campuses.

For more information about accommodation options in both Sydney and Fremantle, visit notredame.edu.au/accommodation.

Chaplaincy

University is a great place to take the opportunity to engage with some of life's deeper questions, and see how your program of study provides pathways to build meaning and purpose in your life and in the broader community. The Chaplaincy team works to promote, encourage and engage students' faith on campus and to offer opportunities for students to explore what it means to truly flourish as a human being and to seek excellence beyond the classroom. Chaplaincy welcomes students and staff of all backgrounds and faiths, as well as those who have never had, or do not belong to, a faith community.

Access and Inclusion

Access and Inclusion services support and empower students with an injury, illness or disability to achieve their goals at university. By providing reasonable adjustments and Learning Access Plans students can participate equitably. The adjustments provided will depend on the nature and extent of each student's disability, injury, medical condition, mental health condition or learning difficulty. To find out more, please visit notredame.edu.au/ai.

Student Counselling Service

Notre Dame provides students with free, confidential counselling and psychological support in a safe, professional environment. Counsellors and psychologists can help you with a range of issues, including anxiety, stress, depression, loss and grief, relationship difficulties, gender and sexuality concerns, financial difficulties, and addiction and substance abuse. Counselling can help you develop strategies to address your concerns, improve mental health and wellbeing, and achieve your academic goals. For more information, visit notredame.edu.au/counselling.

Respect@ND

Notre Dame is a **Respect. Now. Always.** university. This means that we are dedicated to implementing prevention and education initiatives that foster a safe and respectful community, and to ensuring that avenues of support are available, appropriate and easily accessible. At Notre Dame we have dedicated support for students who have been affected by sexual assault, sexual harassment or family and domestic violence. University Respect Officers are specially trained and provide coordinated support to assist students to continue engagement with their studies. A Respect Officer will listen, respond with compassion and understanding, and provide support that is tailored to each student's individual circumstances. For more information, visit notredame.edu.au/respect.

Student wellbeing, safety and support

Notre Dame seeks to be a community that promotes and enhances the wellbeing of every individual student by encouraging them to recognise and develop their own gifts and talents. We also aim to assist students to achieve wholeness as a person, to realise their interconnectedness with others and to understand how they can best serve society. At Notre Dame we are committed to the wellbeing, safety and support of all our students.

STUDENT SUCCESS

DISCOVER

Study support

Are you looking to upgrade your study skills and academic writing? Notre Dame has a team of experts who have helped hundreds of students like you!

Why not join them in booking an individual appointment with a learning advisor? Just visit bookings.library.nd.edu.au/appointments. While you're booking your individual appointment, why not also register for one of our practical online workshops? Just click on the 'workshops' icon here: library.nd.edu.au. And don't forget to browse our suite of online videos and guides here: library.nd.edu.au/home/learningskills.

Maths support

Mathematical skills are needed in a wide range of programs, including Business, Nursing and Education.

If you are looking for personalised, one-to-one support and access to online resources, just contact our maths advisor at maths.support@nd.edu.au or book a consultation: bookings.library.nd.edu.au/appointments.

Studiosity

Do you need some quick feedback on your academic writing? Or maybe you have a maths query that can't wait. No worries!

Notre Dame students have free access to 24/7 online feedback and advice on their academic writing and maths queries. Just click on the 'tools' tab in Blackboard and select 'Studiosity'.

Peer-assisted study sessions (PASS)

Could you benefit from regular review sessions run by and for fellow students? Then PASS might be for you.

PASS has been proven to help students learn more effectively and enjoyably and to improve their grades. Check with your lecturer or on Blackboard to see whether PASS is available in any of your courses.

Contact pass@nd.edu.au for more information.

Support for students with English as an additional language (EAL)

If you are one of our growing number of students with English as an additional language, you may benefit from some advice and feedback from one of our learning advisors with expertise in EAL.

Just visit bookings.library.nd.edu.au/appointments, select 'Student Success' and 'English as an additional language' to book your time. You will find a growing number of specially designed online resources to help you develop your English grammar and vocabulary and to help you to integrate into studying, working and living in Australia here: library.nd.edu.au/home/learningskills.

Contact student.success@nd.edu.au for more information.

Support for Indigenous students

Notre Dame is committed to providing an educational environment that acknowledges, respects and embraces Aboriginal and Torres Strait Islander peoples' cultures. The University provides culturally appropriate support for all Aboriginal and Torres Strait Islander students.

An Indigenous Student Support Officer is available to work with Aboriginal and Torres Strait Islander students, and oversee the coordination of additional support that can assist students through their academic journey.

Through the Indigenous Student Support and Success program, we offer a range of scholarships to help students with education and relocation costs. Our program will also provide tutoring for students who may need additional support with study skills, curriculum support and exam preparation.

For further information please contact our Indigenous Student Support team. Contact indigenous@nd.edu.au.

“The level of support and expertise provided here allows me to thrive as a student.”

Masego

Arts & Sciences graduate

“I was attracted to Notre Dame to study medicine as I had heard they had a strong focus on Aboriginal health. As a Noongar woman, this is a passion of mine.”

Ahmi

Medical student

Our Vision: Transformative Research

Our learning and teaching is enriched by high quality research and scholarship. We want to create and transmit new knowledge, but we also commit to making a positive difference by undertaking research which addresses real-world issues and challenges, improving the lives of people in our communities.

Research institutes

Institute for Ethics & Society

The Institute for Ethics and Society (IES) is a cross-disciplinary team of moral philosophers, bioethicists and social scientists conducting both pure and applied research. Based on the Sydney Campus, our research aims to improve contemporary social, political and individual life by exploring a range of subjects, including: how the virtues can strengthen civil society and support human flourishing; life, death and the care we receive; and the role of religion and spirituality in political and personal life. Our researchers have partnered with a wide range of industry, community and international partners, from schools and hospitals to grassroots political groups, religious organisations and other international research centres in ethics. The IES research focus areas are: Moral Philosophy and Ethics Education; Bioethics and Healthcare Ethics; and Religion, Culture and Society.

Institute for Health Research

The Institute for Health Research (IHR) provides expertise in the design and analysis of complex health research with University researchers and those in the wider healthcare system. Through numerous competitive grant-funded projects, supervision of postgraduate research students and involvement in collaborative studies with other academic and clinical researchers, the IHR has a vibrant research focus with strong industry links. Our research seeks to improve the health and wellbeing of the community.

Nulungu Research Institute

The Nulungu Research Institute focuses on five core research themes – Culture, Country and Language; Transformative Learning; Aboriginal Wellbeing; Sustainable Lifeways and Social Justice; and Policy, Practice, Evaluation – within a context of valuing Aboriginal knowledge. Based in Broome on our Campus of Reconciliation, our research is guided by our collective vision, ‘to conduct collaborative research which is transformative, decolonising, and of value to Aboriginal people with a focus on the Kimberley’.

A key feature of Nulungu’s research profile is impactful, community-driven collaborative projects with national and international academic institutions, teaching and research communities, government and industry.

National faculties

Faculty of Arts, Sciences, Law and Business

This Faculty contains the School of Arts & Sciences and the School of Law & Business. This Faculty develops graduates who have the power to transform and enrich society, create new knowledge and find innovative solutions to local and global challenges, whether that be in the world of business, law, science or the humanities.

Faculty of Education and Philosophy & Theology

This Faculty contains the School of Education and the School of Philosophy & Theology. This Faculty aims to prepare the next generation of ethical leaders to face the challenges of contemporary teaching and learning while developing critical thinking skills and investigating the bigger questions of life, spirituality, morality and ethics.

Faculty of Medicine, Nursing, Midwifery and Health Sciences

This Faculty contains the School of Medicine, the School of Nursing & Midwifery and the School of Health Sciences. The Faculty employs a holistic approach across a diverse range of disciplines, using the latest research and innovation to advance societal understanding of disease, injury, pain and ageing, as well as developing professionals who can offer high quality healthcare and patient support.

ARTS & SCIENCES

“The best aspect of studying at Notre Dame has been the class size, and the opportunity this affords to get to know your lecturers.”

Josiah

Bachelor of Arts and Bachelor of Arts (Honours)

Fremantle Sydney 3 years FT, equivalent PT Practicum – All Majors have internship available
 Code 3009 and 3493 Fee Type CSP

Why study this?

This program is designed to provide you with a strong foundation in the humanities with subject areas as diverse as history, communications, social justice and English literature.

You can tailor your degree with a second Major within arts & sciences or business, depending on your interests.

With a unique emphasis on experiential learning and critical thinking, you will develop your ability to research, analyse, interpret, draw conclusions, problem-solve and communicate. You will be given opportunities to show initiative, work as a team member, and be flexible and adaptable, as well as gain practical work experience through our internship program.

A Bachelor of Arts (Honours) is an optional fourth year of specialised study for students who have achieved academic excellence in their undergraduate degree. During their Honours year students will engage in supervised research on a topic they are passionate about and develop advanced research and analytical skills and specialised knowledge in a specific field of research. Honours is an impressive addition to an undergraduate degree, resulting in a more competitive educational qualification in the employment marketplace. It is also a pathway for higher degree research, including a Master of Arts (MA) and Doctor of Philosophy (PhD).

Areas of study

Advertising • Aboriginal Studies • Archaeology • Artificial Intelligence* • Behavioural Science • Counselling • Data Analytics • English Literature • Film & Screen Production • History • Journalism • Liberal Arts • Mathematics • Philosophy • Politics & International Relations • Social Justice • Sociology • Theatre Studies • Theology • Writing

*Please note: This Major is pending approval and may be subject to change.

Career opportunities

Community Development • Government • NGOs • Film & Television Production • Publishing • Media • Foreign Affairs • Data Analysis • Heritage & Conservation • Curation • Tourism • Social Policy • Business Management • Acting • Theatre Production • Ministry • Policy Research & Development • Support Work • Human Resources • Counselling • Content Writing • Social Outreach • Disability & Aged Care Services • Research • Academia

Bachelor of Arts (Politics & Journalism) and Bachelor of Arts (Politics & Journalism) (Honours)

Fremantle Sydney 3 years FT, equivalent PT Practicum – All Majors have internship available
 Code 3026 and 3494 Fee Type CSP

Why study this?

This program is designed to prepare you for a career in politics, public relations, public service or media. In addition to studying politics and international relations, you will receive a solid grounding in media theory plus the opportunity to gain practical experience in various forms of journalism, including print, broadcast and online media.

Our internship program gives you a unique insight into the Australian media landscape, where you will take advantage of placements with organisations such as publishing companies, TV studios and radio stations.

This program is available with Honours (an optional fourth year for students who have excelled in their studies).

Areas of study

Courses in this degree include:

Politics • Democracy & Governance in Australia • History of Western Civilisation • World Politics • Media & Society • Journalism Theory & Practice • Radio • Journalism for Television & Video • Setting the Agenda: the Media & Politics • Public Relations • Media Ethics & Law • Online Newsroom

Career opportunities

Journalism • Media • Communications • Political Advisory • NGOs • Government Agencies • International Organisations • Policy Research & Development • Human Services • Social Advocacy • Community Development • Social Policy • Government Relations • Industrial Relations

Bachelor of Arts (Architecture)

Fremantle 3 years FT, equivalent PT Practicum – All Majors have internship available
 Code 3570 Fee Type CSP

Why study this?

Architecture enhances people's lives through the creation of meaningful human environments. Many key challenges of contemporary society – such as sustainability, housing affordability, ageing-in-place, city living and community building – often involve spatial issues. Architecture applies a holistic way of thinking and acting to combine creative design processes and technical skills with understandings of human, cultural and environmental issues. Your first step on this journey is our Bachelor of Arts (Architecture) degree.

This degree allows you to complete a Minor in a complementary discipline parallel to your architectural studies, expanding your career opportunities by providing pathways into professions alongside the traditional pathway to registration as an architect (after completing the Master of Architecture).

Areas of study

Courses in this degree include:

Analysing Architecture • Vastness Studio • Spatial Infrastructure Studio • Deconstructing Architecture

Career opportunities

Graduates of the BA (Architecture) can enter into the built environment industry as specialist technical experts and consultants.

Bachelor of Arts in Psychology and Bachelor of Arts in Psychology (Honours)

Fremantle Sydney 3 years FT, equivalent PT Code 3577 and 3576 Fee Type CSP

Why study this?

In a Bachelor Arts in Psychology students gain foundational knowledge and skills in psychology within a comprehensive liberal arts program. The program offers a deep conceptual and evidence-based understanding of the behaviour, cognitive functions and emotional processes of human beings. Students explore how emotional and cognitive states influence individual development and behaviour, and how these factors themselves can be influenced by physiological and biological processes. They are introduced to diagnosis and treatment of mental illness, while also examining scientific methods used to analyse a wide range of topics related to mental health and behaviour. Students can complement their studies in psychology with an enriching range of second Majors or Minors which can broaden or deepen personal interests.

Graduates will discover that studies in psychology are widely transferable and valuable across many industries, and complement studies in areas such as the law, human resources and management, sociology, behavioural science, data analytics and social justice.

The Bachelor of Arts in Psychology (Honours) is a one-year degree for high-achieving students who have completed a bachelor's degree with an accredited three-year sequence in psychology. You will advance your knowledge and skills in both the applied and research components of psychology. Deepen your knowledge of psychological assessment, evidence-based interventions, professional issues and ethics, as well as practise competencies such as interviewing, report writing, supervision and case preparation. Under expert supervision, gain experience conducting a substantive research project, from the initial stages of formulating research questions and hypotheses to data collection, analysis and reporting findings.

Areas of study

Courses in this degree include:

Social Psychology • Lifespan Development • Perception and Decision Making • Psychopathology • Cognition and Learning • Brain, Biopsychology and Behaviour • Research Methods for Psychology

Career opportunities

Government Agencies • International Organisations • Policy Research & Development • Human Services • Social Advocacy • Community Development

Bachelor of Behavioural Science and Bachelor of Behavioural Science (Honours)

Fremantle **Sydney** 3 years FT, equivalent PT (4 years for Honours, equivalent PT) Practicum – Internships are required
Code 3034 and 3501 Fee Type CSP

Why study this?

In our Bachelor of Behavioural Science, you will identify and examine the relationships between personal, group/organisational, geographical and societal influences that affect wellbeing. You will explore and analyse different groups and communities within society and see how they cope with the various government, social and legal pressures being placed on them. You will also receive training that allows you to compassionately work with marginalised people, help them achieve social justice and enhance wellbeing.

Behavioural Science can also be studied as a Major or Minor in a Bachelor of Arts, Bachelor of Communications & Media, or as a Minor in a Bachelor of Science.

This program is available with Honours (an optional fourth year for students who have excelled in their studies).

Areas of study

Courses in this degree include:

Contemporary Family Issues • Aboriginal People • Social Science Research • Discourse • Power and Politics • Organisational Behaviour • Culture & Society • Psychological Perspectives on Health • Community: Policy & Development • Professional Practice in Behavioural Science • Research methods and Practice

Career opportunities

Community Development • Youth Work • Policy Development • Corporate Liaison • Social Advocacy • Health and Human Services

Bachelor of Communications & Media and Bachelor of Communications & Media (Honours)

Fremantle **Sydney** 3 years FT, equivalent PT (4 years for Honours, equivalent PT)
Practicum – All Majors have internship available Code 3363 and 3495 Fee Type CSP

Why study this?

This degree is designed to provide you with a strong foundation in all aspects of communications and media, covering everything from traditional print journalism to digital media production. You can tailor your degree to your career aspirations in advertising, film and screen production, or journalism.

You can also diversify your degree with a second Major within arts & sciences or business, depending on your interests.

With a unique emphasis on experiential learning and critical thinking, you will develop the tools and techniques for analysing, managing and improving communications in multiple areas of the media.

This program is available with Honours (an optional fourth year for students who have excelled in their studies).

Areas of study

Courses in this degree include:

Feature Writing • Film & Screen Production • Journalism: Theory & Practice • Digital Media Production • Screenwriting • Online Newsroom • Creative Advertising • Media Ethics & Law • Digital Cultures • Interactive Media • Radio • Data Analytics

Career opportunities

Journalism • Film & Television Production • Media & Communications • Public Relations • Publishing • Digital Media • Corporate Media • Freelance Writing • Consumer Research • Advertising • Social Media • Copywriting • Consulting

Bachelor of Computer Science

Fremantle* **Sydney*** 3 years FT, equivalent PT Practicum: Students will work on industry-aligned projects
Code 3585 Fee Type CSP

Why study this?

The Bachelor of Computer Science at the University of Notre Dame Australia is a cutting-edge program designed for the next generation of software engineers, cyber security specialists, data analysts, machine learning engineers, and tech entrepreneurs. Our program merges theory with practice to cultivate the skills needed to thrive in today's dynamic digital landscape.

Our curriculum is designed to meet the current and future industry demands and provides students with opportunities to apply their learning in industry-aligned projects. With a strong focus on hands-on learning, students will be exposed to real-world projects and experiential learning opportunities. This hands-on approach ensures graduates are not only job-ready but also highly sought-after in the competitive job market.

*Please note: This program is pending approval and may be subject to change.

Areas of study

In addition to acquiring fundamental computer science knowledge and skills, students will have the opportunity to specialise in one of three areas: Artificial Intelligence, Cyber Security, or Data Science.

Within the Artificial Intelligence specialisation, students will explore topics such as Machine Learning, Deep Learning, Natural Language Processing, and Computer Vision.

For those opting for the Cyber Security specialisation, the curriculum will cover specialised areas including Network Security and Cryptography, Ethical Hacking and Penetration Testing, and Cybercrime and Digital Forensics.

In the Data Science specialisation, students will gain exposure to Big Data Analytics, Data Visualization, and Data Engineering.

Career opportunities

Our graduates will have opportunities to work as:

ICT Business Analyst • Systems Analyst • Software Engineer • ICT Security Specialist • Cyber Security Analyst • Cyber Incident Responder • Data Scientist and Analyst • Machine Learning Engineer • Business Intelligence Developer

Bachelor of Counselling

Fremantle **Sydney*** 3 years FT, equivalent PT Practicum 128 hours Code 3543 Fee Type CSP

Why study this?

From trauma and addiction counselling to counselling couples and families and addressing issues of grief and loss, today's counsellors must deal with a very wide range of issues and be able to communicate effectively in a variety of contexts. The Bachelor of Counselling equips you with both the theoretical knowledge and the hands-on skills needed to work effectively in a challenging and often demanding environment. The Bachelor of Counselling is accredited by the Psychotherapy and Counselling Federation of Australia (PACFA).

*Please note: Delivery of this program on our Sydney Campus is pending approval and may be subject to change.

Areas of study

Courses in this degree include:

Theories & Approaches to Counselling • Counselling & Children • Counselling Adolescents • Grief & Loss Counselling • Trauma & Addiction Counselling • Counselling Couples & Families

Career opportunities

Youth Work • Drug & Alcohol Counselling • Family Counselling

Bachelor of Science and Bachelor of Science (Honours)

Fremantle **3 years FT, equivalent PT (4 years for Honours, equivalent PT)** **Practicum 225 hours**
Code 3555 and 3496 **Fee Type CSP**

Why study this?

This three-year program has been designed to prepare you to tackle the challenges facing our world today and in the future. You will gain knowledge and skills across several areas of science, which increases your job possibilities, and you will also build depth of learning through a specialist science stream aligned to your specific interests.

You can form a Minor by combining your chosen stream with courses from a non-Science area such as Journalism, Politics, Social Justice, Business or Data Analytics.

Design your degree with a science Major, or add a Minor from arts or communications & media. See notredame.edu.au for the full list of Majors, Minors and more information about the Science streams.

This program is available with Honours (an optional fourth year for students who have excelled in their studies).

Areas of study

In this degree you will study compulsory core science courses in addition to courses which form your chosen science stream.

Science streams:

Biology & Environment • Environment & Heritage
 • Human & Medical Science • Multidisciplinary Science

Career opportunities

Career opportunities are diverse and depend on the science stream you choose.

Combining complementary study areas can strengthen career prospects and provide greater flexibility in your options for graduate employment.

Diploma of Data Analytics

Fremantle **Sydney** **1 year FT, equivalent PT (only available part-time)** **Code 2010** **Fee Type CSP**

Why study this?

Across both the public and private sectors, the demand is rapidly increasing for employees who can understand and use big data to improve processes, systems and outcomes.

The Diploma of Data Analytics is a program ideal for students without a computing background who are seeking to upskill in STEM. This includes teachers required to develop coding and computational thinking skills, as well as those who aim to enhance their industry or professional experience with a recognised academic qualification.

With a focus on fundamental data analytics, this program gives students the essential skills and knowledge for employment across a range of industries and prepares them for further studies in fields where knowledge of data analytics is needed and applied.

Areas of study

Courses in this program include:

Introduction to Data Analytics • Principles of Programming
 • Data Visualisation & Communication • Predictive Analytics
 • Analytics • Ethics & Society • Data Analytics Project

Career opportunities

Data Journalist • Data Scientist • Finance • Marketing Analyst
 • Machine Learning Engineer • Programmer

Undergraduate Certificates

Why study an Undergraduate Certificate?

Curious about what University study is really like before you jump into a full degree? Would you like to know more about a particular area of study to see if it's right for you? Or maybe you've been away from study for a while and are looking to take some first steps.

If you're not sure about a full degree just yet, you can study four courses in an area of interest and earn an Undergraduate Certificate. The programs of study will help develop key thinking and communication skills that build learner confidence and assist in longer-term decision-making about your education pathway.

In most circumstances, if you decide to go on to further study, any completed undergraduate courses can be counted towards your degree.

Undergraduate Certificates in the School of Arts & Sciences are available in science, mathematics, counselling and in the broad range of subject areas in the humanities.

Undergraduate Certificate in Arts

Fremantle **Sydney** **0.5 years FT, equivalent PT** **Code 2009** **Fee Type CSP**

Undergraduate Certificate in Environmental Studies

Fremantle **0.5 years FT, equivalent PT** **Code 2154** **Fee Type CSP**

Undergraduate Certificate in Counselling

Fremantle **Sydney** **0.5 years FT, equivalent PT** **Code 2543** **Fee Type CSP**

Undergraduate Certificate in Science

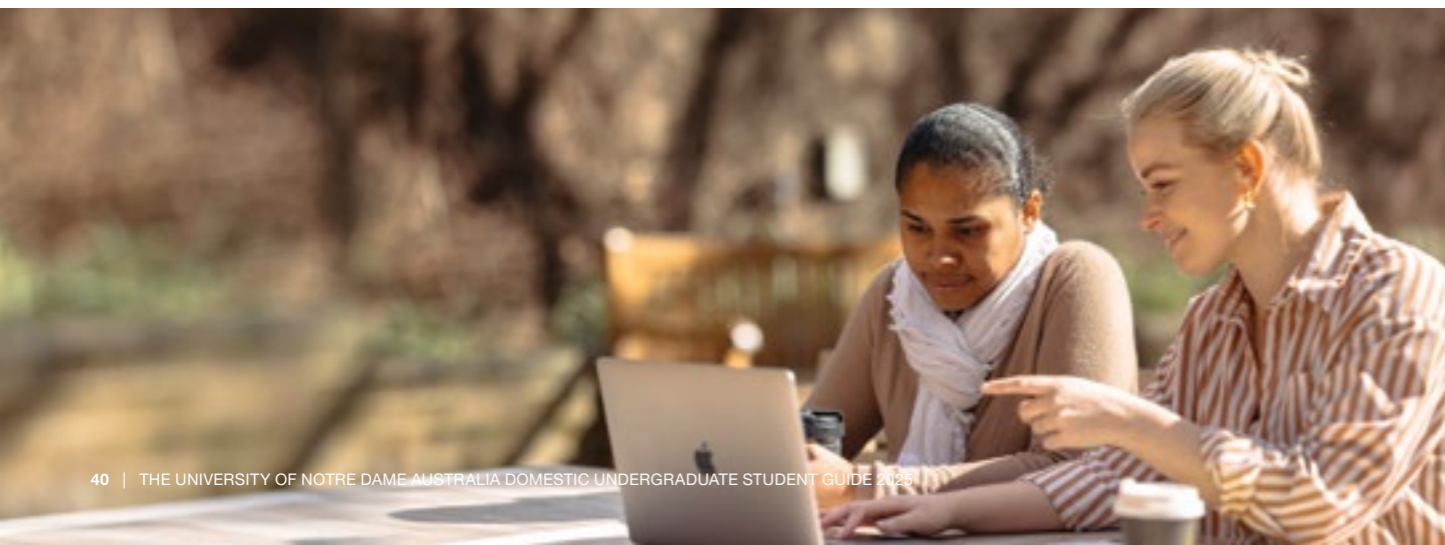

Fremantle **0.5 years FT, equivalent PT** **Code 2555** **Fee Type CSP**

Undergraduate Certificate in Mathematics

Fremantle **Sydney** **0.5 years FT, equivalent PT** **Code 2572** **Fee Type CSP**

Undergraduate Certificate in Data Analytics

Fremantle **Sydney** **0.5 years FT, equivalent PT** **Code 2575** **Fee Type CSP**

Double degrees – Arts & Sciences

A double undergraduate degree enables you to complete two qualifications at once, saving time and money while increasing your employment opportunities.

Many double degrees can be completed in four years, while double degrees with Law and Education require five years.

*This degree is being realigned to a national degree that is planned to start from 2025.

Internships

In the final year of your degree, you will have the opportunity to complete anywhere between 80 and 225 hours of industry experience in an organisation of your choice. Past students have completed internships in Federal and State Governments, at not-for-profit organisations, in film and media companies, sporting organisations, marketing and PR agencies, multinational organisations and startups.

“A Notre Dame education teaches us to be thoughtful and critical of our impact, preparing us to approach our chosen fields in a more conscious way.”

Ash

Arts & Sciences student

BUSINESS

C H O
O S E

“I would highly recommend studying at Notre Dame. With heaps of interesting courses and extracurricular activities, you are bound to find what ignites your curiosity.”

Megan
Business student

Why study Business at Notre Dame?

Build a comprehensive understanding of all business functions and develop the skills to think critically, act ethically and collaborate effectively in the face of rapid change.

Get connected and gain professional skills with access to industry experts. Our degrees are designed to develop workplace confidence and employability skills.

Innovate and inspire with an ethically grounded degree that promotes strong leadership and sustainable business practices.

Bachelor of Advertising and Public Relations

Sydney 3 years FT, equivalent PT Practicum 150 hours Code 3435 Fee Type CSP

Why study this?

The Bachelor of Advertising and Public Relations combines two of the most fundamental communication activities needed by organisations in today's business world.

Corporations and communication agencies are seeking graduates with both artistic and managerial skills. As a result, people working in advertising and public relations need to understand both the creative and business needs of their clients.

By combining a study of these two disciplines, this program provides students with opportunities to diversify their employment prospects in these dynamic fields. It also equips students with skills to help enhance an organisation's reputation and goodwill with stakeholders.

Areas of study

Courses in this degree include:

Events Management • Production: Creative Advertising • Integrated Marketing Communication • Professional Writing • Business Research Methods • Consumer Behaviour • Media Planning • Advertising Design

Career opportunities

Media Buying • Creative Direction • Brand Management • Promotions and Communications

Bachelor of Accounting

Fremantle Sydney 3 years FT, equivalent PT Practicum 150 hours Code 3503 Fee Type CSP

Why study this?

The Bachelor of Accounting, accredited by CPA Australia and CA ANZ, is a comprehensive program designed to equip students with a thorough knowledge of the theoretical and practical skills required to enter the accounting profession. It also prepares students to meet the standards required by accounting professional organisations in Australia.

Graduates will have the ability to provide competent advice to clients in a climate of evolving and improving professional standards. Throughout the program, students will engage in a curriculum that is based on professional competence and underpinned by a comprehensive ethical base. Integral to this degree is the notion of reflection, values, judgement and reasoning.

Areas of study

Courses in this degree include:

Accounting for Business • Financial Accounting • Economics • Taxation • Strategic Business Intelligence • Auditing • Accounting for Corporate Entities • Company Law • Managerial Finance

Career opportunities

Big Accounting Firms • Banking and Finance • General Business • Government • Private Consulting • Not-for-profit Organisations

Practical experience

In the final year of your degree, you will complete at least 150 hours of practical experience in an organisation of your choice. Past students have interned for multinational organisations, accounting and professional services firms, sporting organisations, governments, not-for-profits and startups.

Bachelor of Business Administration

Fremantle Sydney 3 years FT, equivalent PT Practicum 150 hours Code 3506 Fee Type CSP

Why study this?

The Bachelor of Business Administration offers a comprehensive and relevant curriculum that reflects the opportunities presented in an era of rapid technological change and unprecedented globalisation. Students have the chance to gain the expertise, knowledge and skills required in the businesses of today to prepare for the businesses of tomorrow.

With a strong emphasis on experiential learning, including industry projects and problem-based research, students will develop the skills to work effectively in a range of business environments, from startups to large multinational organisations.

Areas of study

Business Communication • Consumer Behaviour • Principles of Human Resource Management • Strategic Management • Innovation & Entrepreneurship

Career opportunities

Project Management • Office Administrator • Office Manager • Administration Manager • Entrepreneur • Business Operations

Bachelor of Commerce

Fremantle Sydney 3 years FT, equivalent PT Practicum 150 hours Code 3058 Fee Type CSP

Why study this?

Notre Dame's Bachelor of Commerce is a dynamic business program which meets the demands of the current business world. The program will prepare the students to become business professionals in various careers. Students will learn a set of business fundamentals followed by one or two Majors to develop a specialisation in their chosen field.

With a variety of subject options and experiential learning opportunities, students will develop a strong commercial grounding in business and an adaptive skill set to accelerate a career in a wide range of fields, both locally and globally.

Areas of study

Choose a Major from:

Accounting • Advertising • Data Analytics • Economics • Finance • Human Resource Management • Management • Marketing • Public Relations

Career opportunities

Banking • Data Analytics • Accounting • Funds Management • Corporate Finance • Government • News Media • Project Management • Consultancy • Customer Relations • Entrepreneurship • Business Development Management • Operations Management

Bachelor of Human Resource Management

Fremantle Sydney 3 years FT, equivalent PT Practicum 150 hours Code 3167 Fee Type CSP

Why study this?

The Bachelor of Human Resource Management, accredited by the Australian Human Resource Institute, will equip students with the skills to effectively manage organisations and their employees. The degree combines theoretical training with practical workplace skills; this combination is designed to prepare graduates to be able to thrive in a modern business environment.

Areas of study

Courses in this program include:

Principles of Human Resource Management • Principles of Marketing • Employment Law • Human Resource Policy • Change Management • Employment Relations • Human Resources Development • Principles of Management • Economics

Career opportunities

Employee Relations Manager • Personnel Management • Recruitment • General Business • Not-for-profit Organisations • Human Resources Specialist

Bachelor of Marketing and Public Relations

Fremantle Sydney 3 years FT, equivalent PT Practicum 150 hours Code 3213 Fee Type CSP

Why study this?

Notre Dame's unique program combines marketing and public relations so students graduate with the required skills to build their profession in any creative industry.

Students benefit from the combination of practical workplace skills with individual-focused tuition and theoretical training. This ensures that graduates enter the workplace ready to thrive and succeed. Students also benefit from 150 hours of workplace internships at some of Australia's most respected and high-profile companies.

Areas of study

Courses in this degree include:

Events Management • Consumer Behaviour • Introduction to Public Relations • Issues and Crisis Management • Corporate Public Relations • International Marketing • Business Communication • Economics

Career opportunities

Advertising & Promotions • Corporate Communication • Events & Entertainment • International Marketing • Management • Market Research & Consulting • Marketing • Media Planning • Public Relations • Recruitment • Promotions and Communications

Bachelor of Sport and Recreation Management

Fremantle Sydney 3 years FT, equivalent PT Practicum 150hrs Code 3245 Fee Type CSP

Why study this?

Do you have a passion for sports and recreation? The Bachelor of Sport and Recreation Management is a specialist degree focused on the management of human and physical resources and facilities in the sport and recreation industries. You will gain a sound knowledge of the biophysical, behavioural and sociocultural foundations of sport and physical activities, combined with a range of management skills and knowledge necessary to work in various sport and recreation professions.

Areas of study

Change Management • Community Approaches to Health Promotion • Developmental Psychology or Organisational Behaviour • Innovation & Entrepreneurship • Physical Activity & Health • Population Approaches to Health Promotion • Strategic Management

Career opportunities

Player Management • Recreation Centre Management • Professional Sporting Club Management

Other career opportunities include employment at: Sport and Recreation Associations • State departments of local government • Sport and Cultural Industries • Local/Regional Councils

Undergraduate Certificate in Business

Fremantle Sydney 0.5 years FT, equivalent PT Code 2058 Fee Type CSP

Why study this?

If you are returning to study or entering university for the first time, Notre Dame's Undergraduate Certificate in Business offers students the opportunity to experience university-level studies in fields such as economics, accounting, marketing and management. Students learn key approaches to business and develop foundational skills that prepare them to become valued business professionals.

Areas of study

Students undertake four courses in subjects including: Economics • Quantitative Methods for Business • Business Communication • Business Information Technology • Accounting for Business • Principles of Marketing • Principles of Management • Business Law

Career opportunities

Office Administrator • Administration Manager • Office Assistant • Project Assistant

Double degrees – Business

A double undergraduate degree enables you to complete two qualifications at once, saving time and money while increasing your employment opportunities.

Many double degrees can be completed in four years, while double degrees with Law and Education require five years.

LAW

“A Notre Dame education prepares graduates to be ethical leaders by guiding us throughout our studies to act with integrity.”

Mikaela

Law and Commerce student

C H O
O S E

Why study Law at Notre Dame?

Set yourself apart with a degree that provides a thorough knowledge of the legal areas required by the profession, underpinned by ethical and professional responsibility to enact positive change.

Attend interactive classes in a supportive community of scholarship and professional learning.

Accelerate your career with an internship in a law firm, by working in a legal clinic or by participating in the mentoring program.

Pursue an international career through taking advantage of the opportunities to study abroad and by participating in national and international mooted competitions.

Graduate with the ethics and professional responsibility required to advocate for positive change.

Bachelor of Laws and Bachelor of Laws (Honours)

 **Fremantle** **Sydney**  **4 years FT, equivalent PT**

 **Practicum – Available but not required**  **Code 3510 or 3511**  **Fee Type CSP**

Why study this?

Have you always been a supporter of the concept of a ‘fair go’? Do you argue passionately for what you believe in? Accredited by the Legal Practice Board of Western Australia and the Legal Profession Admission Board of NSW, our Bachelor of Laws provides a gateway to an exciting and rewarding career in law. This degree combines a comprehensive coverage of legal and ethical principles, as well as the skills to apply these principles in legal practice.

While it can be challenging, the legal profession is also an immensely rewarding one. At Notre Dame, we have worked with leading judges, senior barristers and solicitors to design a quality degree that is rigorous, ethical, practical and relevant to the current Australian legal landscape.

Our Bachelor of Laws degree provides a solid grounding in legal theory and practice, and the opportunity to hone your negotiation, advocacy and mooting skills. Through our mentoring program, mooting and internship programs, you are provided with multiple opportunities to experience the law in practice. You are also encouraged to learn outside of the classroom by attending seminars and professional development events.

The highest performing academic students are invited to join our Honours program. Our Honours program is embedded into the degree. Students complete a major research thesis by completing Advanced Research Project A and Advanced Research Project B as two of their law electives. This means that the degree can be completed in the same time as the degree completed without Honours. Law students who complete their degree with Honours stand out from their peers.

Areas of study

Year One

Legal Research & Writing • Legal Process & Statutory Interpretation • Legal History • Criminal Law A • Criminal Law B

Year Two

Contract Law A • Torts A • Property Law A • Equity • Contract Law B • Torts B • Property Law B • Trusts

Year Three

Advocacy • Constitutional Law • Corporations & Partnerships • Evidence • Administration Law • International Law Elective • Two Law Electives

Year Four

Remedies • Civil Procedure • Legal Philosophy • Alternative Dispute Resolution • Commercial Practice & Ethics • Three Law Electives

Career opportunities

Solicitor or Barrister • Courts (federal and state/territory) • Academia • Policy and Compliance • Banking and Finance • Corporations • Government Developments and Sectors • Political Landscapes • Journalism and Media

Bachelor of Laws (Graduate Entry) and Bachelor of Laws (Graduate Entry) (Honours)

 **Fremantle** **Sydney**  **3.5 years FT, equivalent PT**

 **Practicum – Available but not required**  **Code 3530 or 3531**  **Fee Type CSP**

Why study this?

Accredited by the Legal Practice Board of Western Australia and the Legal Profession Admission Board of NSW, our Bachelor of Laws (Graduate Entry) degree is a challenging and practical degree. Upon graduation and the completion of an approved Practical Legal Training program, you are eligible to apply for admission as a legal practitioner in WA, NSW and other Australian jurisdictions.

The Bachelor of Laws (Graduate Entry) degree is an accelerated program aimed at students who already have a bachelor’s degree in another field. It can be completed as an accelerated degree over three years of full-time study, with five subjects taken in first semester in the first two years, and four subjects per semester in all other semesters. The degree has been designed in collaboration with eminent judges, senior barristers and leading solicitors to create a curriculum that is both academically challenging and highly practical. In addition, the School of Law continues to call on prominent members of the profession to assist in teaching, adding further to the highly practical nature of legal education at Notre Dame.

Through our mentoring program, mooting and internship programs, you are provided with multiple opportunities to experience the law in practice. Furthermore, you cultivate professional legal skills including negotiation, advocacy and alternative dispute resolution within small, interactive class settings. Students are also encouraged to learn outside of the classroom by participating in law competitions and attending professional development events.

The highest performing academic students are invited to join our Honours program. Our Honours program is embedded into the degree. Students complete a major research thesis by completing Advanced Research Project A and Advanced Research Project B as two of their law electives. This means that the degree can be completed in the same time as the degree completed without Honours. Law students who complete their degree with Honours stand out from their peers.

Areas of study

Year One

Legal Research and Writing • Legal Process & Statutory Interpretation • Criminal Law A • Contract Law A • Torts A • Criminal Law B • Contract Law B • Torts B

Year Two

Advocacy • Equity • Property Law A • Constitutional Law • Corporations & Partnerships • Evidence • Trusts • Property Law B • Administrative Law

Year Three

Remedies • Civil Procedure • Legal Philosophy • Alternative Dispute Resolution • Commercial Practice & Ethics • International Law Elective • Two Law Electives

Career opportunities

Solicitor or Barrister • Courts (federal and state/territory) • Academia • Policy and Compliance • Banking and Finance • Corporations • Government Developments and Sectors • Political Landscapes • Journalism and Media

Law electives*

*Available Law electives are subject to change and may vary depending on your campus and year of study. Please check with the School of Law & Business for the current electives on offer.

Advanced Administrative Law	Contract Law	Intellectual Property Law

Undergraduate Certificate in Legal Studies

Sydney **100% Online** **0.5 years FT, equivalent PT** **Code 2510** **Fee Type CSP**

Why study this?

The Undergraduate Certificate in Legal Studies offers students the opportunity to learn how the legal system works, to examine the role of judges, juries and lawyers, to learn how to conduct legal research and to analyse critical legal issues. Students learn how to make legal arguments and to interpret legislation and case law. Through learning criminal law, students gain an understanding of criminal and statutory offences and how penalties are imposed. Students have the opportunity to broaden and contextualise their knowledge by choosing between Legal History or a university Core Curriculum elective.

This certificate also helps students develop important skills in presenting information and arguments, and is a pathway to further study of higher awards, such as a diploma or bachelor degree.

Areas of study

Legal Research & Writing • Legal Process & Statutory Interpretation • Criminal Law A • Legal History OR a University Core Curriculum course

Career opportunities

Policy and Compliance • Legal Secretary • Banking and Finance • Governance • Public Service • Political Landscapes • Journalism and Media

Double degrees – Law

A double undergraduate degree enables you to complete two qualifications at once, saving time and money while increasing your employment opportunities.

All double degrees with Law are designed to be completed in five years.

Code	Program	Campus	Code	Program	Campus
3512	Bachelor of Laws/Bachelor of Arts		3522	Bachelor of Laws/ Bachelor of Biomedical Science	
3514	Bachelor of Laws/ Bachelor of Arts (Politics & Journalism)		3532	Bachelor of Laws/ Bachelor of Philosophy	
3516	Bachelor of Laws/ Bachelor of Behavioural Science		3534	Bachelor of Laws/Bachelor of Theology	
3518	Bachelor of Laws/ Bachelor of Communications & Media		3524	Bachelor of Laws/Bachelor of Human Resource Management	
3528	Bachelor of Laws/Bachelor of Science		3526	Bachelor of Laws/Bachelor of Marketing and Public Relations	
3520	Bachelor of Laws/ Bachelor of Commerce		3578	Bachelor of Laws/Bachelor of Philosophy, Politics, Economics	

Accreditation

The curriculum has been designed to satisfy both state and national professional admission requirements. A person who obtains the Bachelor of Laws degree and completes the required Practical Legal Training (PLT) is eligible to apply for admission as a legal practitioner in jurisdictions in Australia.

Professional experience

Real-world professional experience is key to our Law degree. Mooting and advocacy competitions provide you with further opportunities to develop your practical legal and advocacy skills.

Mentoring

Notre Dame's Mentor Program aims to smooth the transition from school (or work) to university life by linking first-year students with student mentors. Notre Dame provides opportunities for you to meet judges, partners of firms and other senior lawyers through the School of Law & Business Mentoring Program.

Facilities – Moot Court

In Fremantle, the School of Law & Business is located in the heart of the historic West End, and in Sydney you'll find us in the vibrant Broadway district. Students also have the benefit of taking classes in the Justice Owen Moot Court, Fremantle's oldest courthouse which has been refurbished for student use, and in the purpose-built T.E.F Hughes Moot Court in Sydney.

Professional responsibility and ethics

While professional ethics is a mandatory area of study for all Australian Law students, it is a key focus at Notre Dame. We build upon the requirement that Law students study ethics with critical thinking and reflective skills that enable educated participation in law reform and management planning processes.

Honours

The highest performing academic students are invited to join our Honours program which is embedded into the degree. Students complete a major research thesis by completing Advanced Research Project A and Advanced Research Project B as two of their law electives. This means that the degree can be completed in the same time as the degree completed without Honours. Law students who complete their degree with Honours stand out from their peers.

EDUCATION

“When you approach your studies with an open mind and a willingness to learn, many opportunities will open up for you to benefit from.”

Aaron

Education student

C H O
O S E

Why study Education at Notre Dame?

Learn the art of teaching with extensive classroom experience.

Put your learning into practice and graduate ready to enter your profession with three school terms of professional experience – one of the highest practicum rates in Australia.

Specialise in areas of need including Religious Education, Early Childhood, Mathematics, English/Literacy, Science and Special Educational Needs.

Expand your career possibilities across all sectors of education: Independent, Catholic, Government and Early Childhood.

Bachelor of Education (Early Learning)

Fremantle 4 years FT, equivalent PT Practicum 3 school terms Code 3584 Fee Type CSP

Why study this?

This highly-structured and intensive program qualifies you to work with children from birth to eight years, in both childcare and school settings. The Bachelor of Education (Early Learning) is a perfect combination of theory and practice. The degree covers traditional subjects such as English, Mathematics and the humanities, plus special early childhood education courses such as Play and Pedagogy. In addition, you undertake three school terms of professional experience in a range of childcare and classroom settings.

Areas of study

Creating Learning Environments • Child Development • Understanding & Guiding Children's Behaviour • Mathematics • English • Integrated Arts • Catering for Students with Special Needs • Working with Indigenous Students

Career opportunities

Teaching opportunities in the following schools are open to graduates of this program:
Independent schools • Government schools • Catholic schools • Early Learning Centres

Bachelor of Education (Primary)*

Fremantle 4 years FT, equivalent PT Practicum 3 school terms Code 3114 Fee Type CSP

Why study this?

This program offers contemporary coursework, exposure to the latest learning technologies, and the integration of theory and practice. In addition to acquiring the academic skills needed to teach primary school-age children, you will also be required to choose one specialist subject area such as Mathematics, Science, English, Humanities, Special Educational Needs, Service Learning and Social Justice. This program equips you with the skills you need to teach children aged from 6 to 12 years in Catholic, Independent and Government schools.

**This degree is being realigned to a national degree that is planned to start from 2025.*

Areas of study

Introduction to Teaching Skills • Transforming Learning through ICT • Mathematics • English • Science • Humanities & Social Science • Health & Physical Education • Music • Dance & Drama • Catering for Students with Special Needs • Working with Indigenous Students

Career opportunities

Teaching opportunities in the following schools are open to graduates of this program:
Independent schools • Government schools • Catholic schools

Bachelor of Education (Secondary)*

Fremantle 4 years FT, equivalent PT Practicum 3 school terms Code 3126 Fee Type CSP

Why study this?

Our Bachelor of Education (Secondary) combines theory, the latest teaching technology, and plenty of hands-on classroom experience. Working from a rigorous and practical curriculum, you will acquire the academic skills needed to teach secondary school students. In addition, you will choose one Major teaching area such as English, Humanities and Social Sciences, Mathematics, Science or Religious Education. You will complete eight courses in your chosen Major, plus four courses in your chosen area of specialisation.

**This degree is being realigned to a national degree that is planned to start from 2025.*

Areas of study

Foundational Teaching Skills • Literacy Across the Curriculum • Teaching & Learning Strategies for Early Adolescents • Catering for Difference • Working with Indigenous Students • Psychological Principles of Classroom Management • plus eight Major teaching area subjects

Career opportunities

Teaching opportunities in the following schools are open to graduates of this program:
Independent schools • Government schools • Catholic schools

Bachelor of Education (Conversion)

Fremantle 1 year FT, equivalent PT Code 3088 Fee Type CSP

Why study this?

Available on either a full-time or part-time basis, the Bachelor of Education (Conversion) is an undergraduate program that allows teachers trained for three years to upgrade their qualification to four-year degree status. The program consists of eight courses, including one in theology or ethics.

Areas of study

Adaptive Education • Religious and Spiritual Capabilities of Young People • Positive Education • Religious Education • Pastoral Care • English for Cultural and Linguistically Diverse Students • Philosophy • Ethics • Theology

Career opportunities

Teaching opportunities in the following schools are open to graduates of this program:
Independent schools • Government schools • Catholic schools

Undergraduate Certificate in Early Childhood Learning and Development

Fremantle Sydney 100% Online 0.5 years Code 2153 Fee Type CSP

Why study this?

The Undergraduate Certificate in Early Childhood Learning and Development will benefit anyone who is seeking to improve the life and educational outcomes of young children. Developed by award-winning and highly experienced early childhood educators, this certificate offers a learner-centred approach, applied theory and interactive online learning. The course can be taken for professional learning and also offers a pathway into the Bachelor of Education (Early Learning) program. Students receive a high level of support and scaffolding to develop the necessary academic skills for university study.

Areas of study

Understanding Child Development • Creating Environments for Children to Learn Through Play • Supporting Children's Behaviour and Social Engagement • Supporting Young Children to Learn Through Play

Career opportunities

Successful completion of the Undergraduate Certificate provides an accelerated pathway for entry to the Bachelor of Education (Early Learning).

This program also provides university-level enrichment for professionals working with young children in Early Learning Centres, schools and communities.

Bachelor of Primary Education*

 Sydney  4 years FT, equivalent PT  Practicum 3 school terms  Code 3476  Fee Type CSP

Why study this?

This four-year program enables you to graduate as a confident and skilled primary school teacher (K–6), capable of offering students a well-rounded education focusing on their intellectual, physical and social development. The program offers you the opportunity to specialise in Early Childhood, Religious Education, Mathematics, English/Literacy or Science, as well as the opportunity to gain the International Baccalaureate (IB) pathway certification.

Completing the Religious Education (RE) teacher education component embedded in the program will enable you to teach Religious Education in the Catholic school sector, increasing your employment opportunities. The Early Childhood specialisation covers teaching in both prior-to-school and primary school (K–6) settings. This specialisation is accredited with the Australian Children's Education & Care Quality Authority and NESAs.

Available with Early Childhood, Religious Education, Mathematics, English/Literacy and Science specialisations.

***This degree is being realigned to a national degree that is planned to start from 2025.**

Areas of study

Academic Skills • The Global Citizen • Mathematics & Numeracy • English Language & Literacy • Learning & Personal Development • Science & Technology • Foundational Principles of Teaching • Reading • Viewing & Listening • Mathematics Foundations & Perspectives • Working with Indigenous Students • Writing • Representing & Speaking • Health & Physical Education • Science & Technology: Curriculum and Pedagogy • Mathematical Understanding & Fluency • Reading & Literacy in the Early Years • Australia & the World • Visual Arts • Curriculum Pedagogy & Assessment • Inclusive Education • Music • Dance & Drama • Professional Engagement

In addition to the above, you will also be able to choose from a range of elective courses in Education.

Career opportunities

Teaching at Catholic, Independent and Government schools in Australia and other parts of the world • International Baccalaureate Teaching • Early Childhood Teaching

Bachelor of Secondary Education*

 Sydney  4 years FT, equivalent PT  Practicum 3 school terms  Code 3562  Fee Type CSP

Why study this?

This four-year program offers you the opportunity to develop expertise in subjects such as English, Mathematics, Religious Education, Studies of Religion, Drama, Ancient History, Modern History, Business Studies, Economics and Legal Studies, in addition to the theoretical and practical experience of a professional teaching qualification in secondary education (Years 7–12).

Completing the Religious Education and Studies of Religion teacher education component embedded in the degree will enable you to teach Religious Education in the Catholic school sector and Studies of Religion in the public school sector, increasing your employment opportunities.

Available with Religious Education and Studies of Religion specialisations.

***This degree is being realigned to a national degree that is planned to start from 2025.**

Areas of study

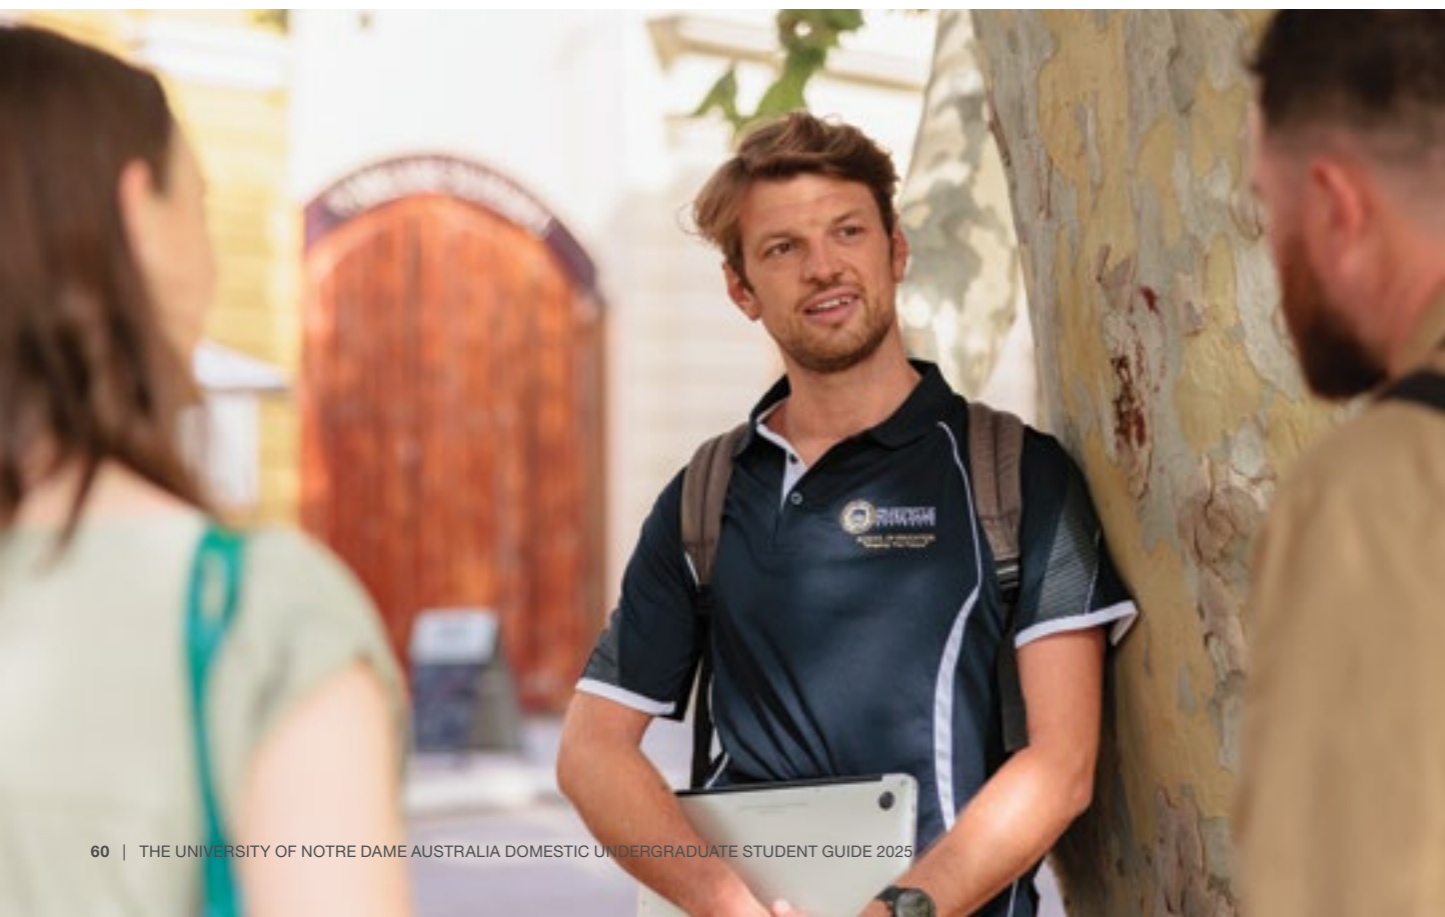

Academic Skills • Learning & Development • Foundational Principles of Teaching • Working with Indigenous Students • Teaching Methods (Junior) • Literacy • Numeracy & ICT • Curriculum • Pedagogy & Assessment • Professional Engagement • Inclusive Education

These courses are in addition to your choice of teaching area from:

English • Mathematics • Studies of Religion • Drama • Ancient History • Modern History • Business Studies • Economics • Legal Studies

Career opportunities

Teaching at Catholic, Independent and Government schools in Australia and other parts of the world • Training & Assessment Development • Curriculum Development • Education Policy

Professional experience

Professional experience plays a central role in your study. It is combined with rigorous coursework that prepares you to teach all key learning areas. Coursework is built upon up-to-date research and methods, as well as a contemporary understanding of teaching practice.

International Baccalaureate

The University of Notre Dame Australia is the only university in NSW to have International Baccalaureate (IB) recognition for an undergraduate primary education program. By undertaking a program of study with an IB-recognised university, you will:

- Improve the quality of your classroom teaching
- Enhance your competitive advantage in the global education job sector.

Double degrees – Education

It is possible to combine an Education degree with a second degree. A double degree is an excellent choice for those students who wish to complete substantial studies in another discipline.

Code	Program	Campus	Code	Program	Campus

On the Fremantle Campus, specialist degrees are available for those who aim to become Health and Physical Education teachers through the School of Health Sciences. For more information please see page 77.

**This degree is being realigned to a national degree that is planned to start from 2025.*

NSW accreditation

The Early Childhood specialisation within the Bachelor of Primary Education* is accredited with the Australian Children's Education and Care Quality Authority (ACECQA).

Those who are accepted into the IB program will be able to apply to the IB organisation for the IB certificate in teaching and learning on successful completion of their undergraduate program.

**This degree is being realigned to a national degree that is planned to start from 2025.*

NSW compulsory program requirements

Before you can undertake any professional experience in NSW schools, it is compulsory that you complete a Working With Children Check, an Education Criminal Record Check, Anaphylaxis e-training and Child Protection Awareness Training.

Further information will be provided to successful applicants with their letter of offer.

WA accreditation

The Bachelor of Education degrees are fully accredited with the Teachers Registration Board of Western Australia. Additionally, the Bachelor of Education (Early Learning) is accredited with the Australian Children's Education and Care Quality Authority (ACECQA).

WA compulsory program requirements

Before you can undertake any professional experience in WA schools, it is compulsory that you complete a Working With Children Check and an Education Criminal Record Check.

Further information will be provided to successful applicants with their letter of offer.

Literacy and Numeracy Testing for Initial Teacher Education students (LANTITE)

All Education students are required to successfully achieve the standard in both the Literacy and Numeracy components of the Literacy and Numeracy Test for Initial Teacher Education students (LANTITE) prior to enrolling in their final teaching internship. The LANTITE is administered externally by the Australian Council for Educational Research (ACER) and students will be required to register with ACER and pay for the test.

Teacher performance assessment

All students are required to successfully complete the Graduate Teacher Performance Assessment in connection with their final teaching internship.

English language admission requirements

Education students who have English as an additional language and are admitted on the basis of an International English Language Testing System (IELTS) assessment, or an equivalent English language proficiency assessment, are only admitted if they have attained an overall IELTS (or equivalent) score of 8.0 (with no score below 7.0 in any of the four skills areas and a score of no less than 8.0 in speaking and listening).

“I chose to study at Notre Dame due to how caring and supportive all the lecturers and teaching staff are. Notre Dame also offers plenty of practicum support and placement opportunities that get us ready for the classroom.”

Lara

Education student

PHILOSOPHY & THEOLOGY

“What I loved about studying at Notre Dame were the lecturers who are clearly passionate about what they teach.”

Cecilia

Philosophy & Theology graduate

C H O
O S E

Why study Philosophy & Theology at Notre Dame?

Challenge your world view and tackle humanity's fundamental questions.

Enjoy a supportive community of scholarship and learning as you consider the fundamental questions of human nature and explore possible answers.

Strengthen your capacity to think deeply and critically, give well-reasoned arguments, and communicate them clearly and respectfully – skills recognised across a variety of professions.

Learn from expert academics in the Catholic Intellectual Tradition, which prioritises the communal quest for truth and the common good.

Bachelor of Philosophy, Politics, Economics

Fremantle Sydney 3 years FT, equivalent PT Practicum 39-150 hours Code 3573 Fee Type CSP

Why study this?

The Bachelor of Philosophy, Politics, Economics is designed for those who want to understand human communities and society. The degree trains future leaders and professionals to make a difference in all walks of life. You will learn to integrate knowledge by focusing on how society can either promote or thwart human flourishing.

Philosophy will give you concepts and skills to identify questions and problems, and to consider them clearly and creatively. Studying politics, you will consider governance, leadership, and the importance of law and policy. Through economics, you will learn to solve a range of problems using economic reasoning. Together, these disciplines will provide you with an appreciation of the central importance of the human person's quest to lead a good life, working with others towards the common good.

Areas of study

Introduction to World Politics • Economics • Ancient Philosophy • Policy • Democracy & Governance in Australia • Quantitative Methods for Business • Philosophy of the Human Person • Public Policy & Practice: The Business of Government • Moral Philosophy • Microeconomic Theory & Policy • Political Philosophy • Macroeconomic Theory & Practice

Career opportunities

Diplomacy • Public Policy Development • Economic Analysis • Non-Government Agency Work • Political Analyst • Civil Society Leader • Business Leader

Bachelor of Philosophy and Bachelor of Philosophy (Honours)

Fremantle Sydney 3 years FT, equivalent PT Code 3311 and 3312 Fee Type CSP

Why study this?

The Bachelor of Philosophy offers a comprehensive education in the history, major domains and contemporary issues of philosophy. Studying this degree in Philosophy will help you develop capabilities in conceptual analysis, and in thinking and arguing well. By tackling the most fundamental questions of existence, you will sharpen skills that are vital for success in any field.

This degree embraces a historical and general approach to the philosophical issues that arise in every aspect of life, including ethics, politics, history, technology, health, religion and culture. Your subjects will consider how ideas form the world in which we live, through looking at metaphysics, logic, political philosophy, language, art and aesthetics, science and education.

Students studying a Bachelor of Philosophy can undertake a Major or Minor in a range of Arts & Sciences disciplines, such as history, English literature, theology or politics & international relations.

An Honours year is an optional fourth year and promotes higher learning and can be a pathway for further research.

Areas of study

The Method & Basic Problems of Philosophy • History of Philosophy • Critical Thinking • Philosophy of the Human Person • Epistemology • Moral Philosophy • Political Philosophy • Natural Law • Metaphysics • Being & God • Faith & Reason • Philosophy of Science

Career opportunities

Advocacy • Journalism & Media • International Diplomacy & Trade Missions • Policy Development • Government Administration • Academic Teaching • Public Libraries • Research Institutes • Consulting • Non-Government Organisations • Logistics

Bachelor of Theology and Bachelor of Theology (Honours)

Fremantle Sydney 3 years FT, equivalent PT Code 3248 and 3569 Fee Type CSP

Why study this?

The Bachelor of Theology will provide you with a grounding in Biblical and theological studies and associated disciplines. You will learn more about your faith, and how to examine it with academic expertise that emphasises the importance of communicating reasoned beliefs to others.

Within the Catholic intellectual tradition, theology relies upon philosophy, and philosophy reaches out to what theology has to offer. As a Theology student, you will learn to think well by creatively entering into the dynamic relationship between these disciplines. With this degree, you will gain the skills and imagination to approach contemporary problems in a variety of different ways.

Students studying the Bachelor of Theology can complete a Major or Minor in philosophy or a range of Arts & Sciences disciplines.

An Honours year is an optional fourth year and promotes higher learning and can be a pathway for further research.

Areas of study

Sacred Scripture: Old & New Testaments • Pentateuch • Prophets & Psalms • Synoptic Gospels • Johannine Literature • Writings of Paul • Foundations of Catholic Theology • Christology • Sacraments • Trinity • Liturgy • Eucharist • Church History • Christian Spirituality • Marriage & Sexuality • Moral Theology • Ecclesiology/Mariology

Career opportunities

Academic Teaching, Church Ministry • Youth Ministry • Adult Faith Programs • Catholic & Christian Schools • Religious Education Coordination • Church Agencies • Youth Work • Community & Local Politics • Non-Government Organisations

Bachelor of Divinity

Sydney CIS Sydney* 3 years FT, equivalent PT Code 3574 Fee Type CSP

Why study this?

The Bachelor of Divinity offers students a unique opportunity to study at an ecclesiastical faculty recognised by the Holy See. This foundational degree is designed to introduce students to the breadth and beauty of the Catholic intellectual tradition by providing them with a grounding in philosophy, Sacred Scripture, Catholic theology and associated disciplines.

Through an engagement with the tradition that is at once both appreciative of its intellectual patrimony and sensitive to contemporary issues, students in the Bachelor of Divinity will gain the knowledge and skills to effectively communicate their beliefs to a variety of audiences.

The Bachelor of Divinity represents an ideal qualification for those seeking to engage in ministry and leadership within the Church, as well as a pathway to further study which would build upon this foundation.

*Catholic Institute of Sydney in Strathfield

Areas of study

Humanities (Philosophy, Church History, Patrology, Ancient Languages) • Sacred Scripture (Old Testament Studies, New Testament Studies) • Theology (Dogmatic Theology, Spiritual Theology, Moral Theology) • Pastoral Studies (Pastoral Theology and Ministry, Liturgical Studies, Canon Law)

Career opportunities

Parish Ministry • Chaplaincy • Adult Faith Formation • Youth Ministry • Religious Education Coordination • Church Agencies • Higher Research

PHILOSOPHY & THEOLOGY

C H O
O S E

Diploma of Theology

[Fremantle](#) [Sydney](#) [CIS Sydney*](#) 1 year FT, equivalent PT Code 2007 Fee Type CSP

Why study this?

Whether you have a calling to engage in ministry or are following a personal spiritual journey, this diploma provides a compelling introduction to the complex subject of theology. The curriculum covers five main disciplines to deepen and expand your understanding of the Christian faith.

Theology is the necessary qualification for those wishing to exercise various ministries within the Christian community and to contribute to the work of the Church. It is also the necessary basis for graduate theological study and research.

*Catholic Institute of Sydney in Strathfield

Bachelor of Nursing

📍 **Fremantle Sydney** 📅 3 years FT, equivalent PT ⌚ Practicum 1080 hours 🔍 Code 3575 💰 Fee Type CSP

Why study this?

The Bachelor of Nursing is a comprehensive program which prepares students to meet the Registered Nurse Standards for Practice (NMBA, 2016), Code of Conduct for Nurses (NMBA, 2018), the International Council of Nurses Code of Ethics for Nurses (2012) and to meet their legal and ethical obligations as a registered nurse.

Students will engage in a curriculum that has, at its core, patient safety and person-centred care. There will be a focus on critical thinking, clinical reasoning, critical reflection and the use of current evidence and research that are essential in the development of sound clinical judgements and decisions to practise safely in a complex health environment.

Person-centeredness, communication and cultural safety will be explored in both the theoretical and professional practice components of the program. There will also be a focus on the healthcare needs and approaches to culturally safe nursing care for Aboriginal and Torres Strait Islander peoples. Students will explore current and emerging global, national and regional health priorities.

The curriculum takes an iterative approach to learning and developing registered nurse capability.

Areas of study

Courses in this program include:

Foundations of Nursing • Human Body • Health and Wellness • Law and Ethics • Clinical Therapeutics • Illness Prevention and Management • Mental Health and Wellbeing • Aboriginal and Torres Strait Islander Peoples Health • Complex Care and Palliation • Public and Global Health • Research for Practice • Leadership and Governance • Transition to Practice

Students also choose one elective. Options include:

Advanced Mental Health Nursing • Critical Care • Maternal Care • Paediatric Nursing • Palliative Care • Perioperative Nursing • Rural and Remote Nursing

Career opportunities

Aged Care • Community Nursing • Critical Care • Mental Health • Medical and Surgical Nursing • Perioperative Nursing • Paediatric Nursing

Bachelor of Nursing (EN Articulation Pathway)

📍 **Broome Fremantle Sydney** 📅 2 years FT, equivalent PT ⌚ Practicum 760 hours 🔍 Code 3575 💰 Fee Type CSP

Why study this?

The Bachelor of Nursing (EN Articulation Pathway) places a strong emphasis on the nurse-patient relationship and is highly practical in its orientation. Designed for enrolled nurses who wish to upgrade their qualifications to become registered nurses, this program will see you undertake a high number of practical nursing experience hours over the two years. As a student you will be placed in appropriate hospital or healthcare settings for your workplace experience.

The program, which is divided into four broad study streams, uses problem-solving and an evidence-based approach to teaching. Theoretical and practical components are integrated.

Areas of study

Clinical Therapeutics • Law and Ethics • Research for Practice • Aboriginal and Torres Strait Islander Peoples Health • Complex Care and Palliation • Mental Health Nursing • Leadership and Governance • Transition to Practice • Public and Global Health

Students also choose one elective. Options include:

Advanced Mental Health Nursing • Critical Care • Maternal Care • Paediatric Nursing • Palliative Care • Perioperative Nursing • Rural and Remote Nursing

Career opportunities

Aged Care • Community Nursing • Critical Care • Mental Health • Medical and Surgical Nursing • Perioperative Nursing • Paediatric Nursing

Compulsory program requirements

In order to be eligible to attend professional workplace experience, students must meet mandatory requirements (e.g. immunisations, criminal record and Working With Children Checks) with the University and either the Department of Health WA or the NSW Ministry of Health, depending on which campus you're studying at and where you are completing your professional workplace experience. For further information on these, refer to notredame.edu.au

All students entering the Bachelor of Nursing program must meet the Nursing and Midwifery Board of Australia's (NMBA) English language skills registration standard. These can be found at nursingmidwiferyboard.gov.au/registration-standards/english-language-skills.aspx

To be eligible for registration on program completion, students must also meet the NMBA registration standards. These can be found at nursingmidwiferyboard.gov.au/registration-standards.aspx

Accreditation

The Bachelor of Nursing is fully accredited by the Australian Nursing and Midwifery Accreditation Council (ANMAC) and, as a graduate, you will be eligible to register with the Australian Health Practitioner Regulation Agency (AHPRA) and work in a wide range of clinical settings. Students enrolled in the Bachelor of Nursing will be registered with AHPRA as a student nurse.

Bachelor of Biomedical Science and Bachelor of Biomedical Science (Honours) FREMANTLE ONLY

Fremantle **Sydney** 3 years FT, equivalent PT (1 additional year for Honours)
 Code 3041 and 3497 Fee Type CSP

Why study this?

If you are passionate about the fields of health and biomedicine then this program is for you. Our Bachelor of Biomedical Science provides a gateway to a rewarding career within the field of biomedical science. Over the course of your studies you will gain a strong understanding of advanced scientific investigations that will prepare you for a career as a biochemist, researcher or biomedical scientist.

Specialisations in exercise and sport science or health promotion can be taken.

This degree offers a new priority pathway to graduate entry into medicine at Notre Dame, with places in the Doctor of Medicine program reserved for the top performing Notre Dame biomedical science graduates who aspire to pursue a career in medicine.

Areas of study

Molecular & Cell Biology • Health Communications
 • Microbiology • Biochemistry • Exercise Physiology
 • Human Genetics • Immunology • Pathology • Infectious Disease • Neuroscience • Reproductive Biology

Career opportunities

Biomedical Scientist • Research Assistant • Research Fellow
 • Biomedical Sales • Clinical Scientist

Bachelor of Biomedical Science (Assured Pathway to MD) and Bachelor of Advanced Biomedical Science (Honours) (Assured Pathway to MD)

Fremantle* **Sydney** 3 years FT, equivalent PT (4 years for Advanced Honours, full-time only)
 Code 3582 and 3581 Fee Type CSP

Why study this?

The Bachelor of Biomedical Science (Assured) program into Doctor of Medicine offers an assured entry pathway for aspiring doctors into Notre Dame's Doctor of Medicine postgraduate degree. Students in the Bachelor of Biomedical Science (Assured) program must maintain a minimum GPA of 2.5 each semester during the completion of their undergraduate Biomedical Science degree.

*Please note: Delivery of these programs on our Fremantle Campus is pending approval and may be subject to change.

Areas of study

Molecular & Cell Biology • Health Communications
 • Microbiology • Biochemistry • Exercise Physiology
 • Human Genetics • Immunology • Pathology • Infectious Disease • Neuroscience • Reproductive Biology

Career opportunities

Biomedical Scientist • Pathway to becoming a doctor

Bachelor of Exercise & Sport Science and Bachelor of Exercise & Sport Science (Honours)

Fremantle 3 years FT, equivalent PT Practicum 150 hours Code 3161 and 3498 Fee Type CSP

Why study this?

As the Australian population becomes more sedentary, physical activity plays an increasingly important role in community health and wellbeing. Our comprehensive Bachelor of Exercise & Sport Science program examines the implications of physical activity on public health, considers issues such as rehabilitation and also prepares our students to work with elite athletes.

This program is available with Honours (an optional additional fourth year for students who have excelled in their studies).

Areas of study

Physical Activity & Health • Exercise Physiology • Exercise Biomechanics • Nutrition for Health and Physical Activity • Principles of Strength & Conditioning • Exercise Prescription and Delivery

Career opportunities

Exercise & Sport Scientist • Strength & Conditioning Coach
 • Community Health & Physical Activity Promoter • Health & Fitness Consultant • Recreation & Wellbeing Officer

Bachelor of Health & Physical Education (Primary) and Bachelor of Health and Physical Education (Primary) (Honours)

Fremantle 4 years FT, equivalent PT Practicum 27 weeks Code 3287 and 3343 Fee Type CSP

Why study this?

The Bachelor of Health & Physical Education (Primary) program aims to provide the essential knowledge, practical skills and leadership qualities for future teachers who want to improve the health, wellbeing and physical literacy of young people in our community. You will also have the opportunity to develop your teaching skills through yearly comprehensive teaching practice programs held in various primary schools.

This program is available with Honours (embedded in the fourth year for students who have excelled in their studies).

Areas of study

Health Communications • Physical Activity & Health • Human Structure & Function • Physiology of Exercise • Developmental Psychology • Motor Development & Learning • Psychosocial Aspects of Sport & Physical Activity • Adapted & Inclusive Practice in HPE

Career opportunities

Specialist Health & Physical Education Teacher • Health Education Consultant

Bachelor of Health & Physical Education (Secondary) and Bachelor of Health and Physical Education (Secondary) (Honours)

Fremantle 4 years FT, equivalent PT Practicum 27 weeks Code 3288 and 3344 Fee Type CSP

Why study this?

The Bachelor of Health & Physical Education (Secondary) is a program with a strong focus on experiential learning. Over the course of this program you will develop specialist theoretical and practical knowledge of physical education and health through the lens of secondary education. You will also have the opportunity to develop your teaching skills through yearly comprehensive teaching practice programs held in various secondary schools.

This program is available with Honours (embedded in the fourth year for students who have excelled in their studies).

Areas of study

Health Communications • Physical Activity & Health • Human Structure & Function • Physiology of Exercise • Developmental Psychology • Motor Development & Learning • Psychosocial Aspects of Sport & Physical Activity • Sports Events Management for Teachers • Adapted & Inclusive Practice in HPE

Career opportunities

Health & Physical • Education Teacher • Health • Education Consultant

Bachelor of Health Promotion and Bachelor of Health Promotion (Honours)

Fremantle 3 years FT, equivalent PT Practicum 250 hours Code 3289 and 3500 Fee Type CSP

Why study this?

The Bachelor of Health Promotion focuses on promoting individual and community health and wellbeing. You will develop a clear understanding of how social and other health determinants impact health and wellbeing as well as knowledge of the effectiveness of socio-environmental, population and community approaches to health promotion.

Throughout the program, you will explore the psychological aspects of health behaviour, challenges of behaviour change, health promotion principles, frameworks, planning and implementation, social marketing, principles of community development, project management, and health-related research and evaluation.

Specialisations are available in exercise & sport science, marketing, and media & communication.

This program is available with Honours (an optional additional fourth year for students who have excelled in their studies).

Areas of study

Health Issues & Preventive Approaches • Population Approaches to Health Promotion • Community Approaches to Health Promotion • Health Sciences Research • Nutrition for Health • Health & Disease Risk Factors • Aboriginal People • Health Education • Physical Activity & Health

Career opportunities

Health Promotion Officer • Community Development Officer • Health Education Consultant • Health Researcher • Recreation & Wellbeing Officer

Bachelor of Occupational Therapy (Honours)*

Fremantle Sydney** 4 years FT Practicum 1000 hours Code 3583 Fee Type CSP

Why study this?

The Bachelor of Occupational Therapy (Honours) degree allows you to make a positive impact on people's lives, working within a multidisciplinary team. Focusing on practice across a range of contexts and life stages, you will develop evidence-based skills in assessment, management and evaluation of service delivery.

The program of study includes foundational skills in body systems (anatomy and physiology/pathophysiology) and functions within the context of a holistic approach to healthcare that emphasises the cognitive, psychological and emotional aspects of healthcare requirements and delivery.

Your on-campus study is geared towards allowing you to excel in the 1000 hours of professional work-integrated learning you will complete throughout the degree, a feature of the program that ensures you are work-ready immediately upon graduation.

Upon graduation, you are eligible for registration as an Occupational Therapist with the Australian Health Practitioner Registration Agency (AHPRA) and full membership of Occupational Therapy Australia.

*Notre Dame is currently seeking accreditation of the occupational therapy program with the Occupational Therapy Council of Australia Ltd and approval by the Occupational Therapy Board of Australia.

**Please note: Delivery of this program on our Fremantle Campus is pending approval and may be subject to change.

Areas of study

Human Anatomy, Physiology and Pathophysiology • Therapy Provision to Different Populations (e.g. Across the Lifespan, Chronic Conditions) • Practical Skills and Techniques Required for Therapy Service Delivery • Developmental Psychology and Mental Health

Career opportunities

Graduates of this program can follow diverse career paths in the private and public health sectors. Career opportunities range from working in public and private health and rehabilitation facilities, disability service providers, aged care and occupational health workplaces.

Diploma (Exercise & Sport Science)

Fremantle Sydney 100% Online 1 year FT, equivalent PT Code 2574 Fee Type CSP

Why study this?

The Diploma of Exercise & Sport Science is a self-paced online program aiming to introduce students to methods used in exercise science to assess health status, provide basic exercise delivery and understand the beneficial effect on human physiology. This program provides a pathway to a Bachelor of Exercise & Sport Science and is an upskill option for current industry professionals. It is an excellent choice for candidates, from school leavers to mature students looking to upskill as well as enter university through an alternative pathway. The eight courses of the diploma have been constructed by academic and industry professionals who have provided real-world applications through all courses and their assessments. Four of the eight courses will allow for advanced standing in the Bachelor of Exercise & Sport Science.

Areas of study

The program also introduces students to key skill areas in exercise and sport science, including biomechanics, exercise physiology, foundation data analysis, and technology in sport.

Career opportunities

This program provides a pathway to a Bachelor of Exercise & Sport Science degree and is an upskill option for current industry professionals. Careers in exercise and sport science range from elite sport such as strength and conditioning coaches and sport scientists to clinical roles such as exercise physiologists.

Bachelor of Physiotherapy and Bachelor of Physiotherapy (Honours)

Fremantle 4 years FT Practicum 1000 hours Code 3538 and 3539 Fee Type CSP

Why study this?
Are you the kind of person who wants to make a career helping others be the best they can be? Do you dream of joining a profession that makes exciting therapeutic advancements every day? Or perhaps you want to help top athletes recover from injury and regain their place in elite international sporting competition?

The Bachelor of Physiotherapy focuses on the physiotherapist-client relationship and is highly practical in its orientation. As a student in physiotherapy, you undertake a comprehensive program, including specialised physiotherapy studies, behavioural and biological sciences, and clinical practice.

At Notre Dame, we explore every avenue of physiotherapy practice in your on-campus studies and clinical practice. Our program is unique and we provide a strong focus on preparation for clinical education. This prepares you for the formal clinical placements in year two and year three, then you progress to almost full-time clinical practice in your final year.

You will develop clinical assessment and intervention skills in laboratories, physio-dedicated labs and through exposure to patients in physiotherapy practices, hospitals or community health settings in both urban and rural centres.

Upon graduation, you are eligible for registration as a physiotherapist with the Australian Health Practitioner Registration Agency (AHPRA) and full membership of the Australian Physiotherapy Association.

This program is available with Honours (embedded in the fourth year for students who have excelled in their studies).

Areas of study
Year One
Functional Anatomy for Physiotherapy A • Aboriginal People • Therapeutic Exercise After Injury: Physiological and Practical Foundations • Foundations of Wisdom • Functional Anatomy for Physiotherapy B • Medical Sciences • Movement Sciences for Physiotherapy • Psychosocial Determinants of Health & Wellbeing

Year Two
Research & Evidence in Physiotherapy • Musculoskeletal Physiotherapy (Peripheral I) • Applied Neuroscience • Principles of Clinical Rehabilitation • Cardiorespiratory Physiotherapy Sciences I • Musculoskeletal Physiotherapy (Peripheral II) • Physiotherapy across the Lifespan I • Clinical Education I and Practitioner Preparation

Year Three
Musculoskeletal Physiotherapy (Spinal I) • Rehabilitation for the Neurosciences • Cardiorespiratory Physiotherapy Sciences II • Physiotherapy across the Lifespan II • CORE elective • Musculoskeletal Physiotherapy (Spinal II) • Clinical Education II & Practitioner Development (or Clinical Education II and Advanced Practitioner Development, if Honours) • Physiotherapy across the Lifespan III

Year Four
Clinical Education III • Clinical Education IV & Professional Issues • Clinical Education V & Professional Issues • Clinical Education VI & Professional Issues • Complex Cases Issues in Physiotherapy Practice • Supervised Honours Research Project A and B (Honours only)

Career opportunities
Career opportunities vary greatly in both setting and specialty.
Examples include:
Private Practice • Hospitals Research • Workplace Health & Safety • Healthcare Leadership/Management • Disability Sector

“The best aspect of studying at Notre Dame would be the student/teacher engagement. You are treated like a professional from day one.”

Michael
Physiotherapy student

Bachelor of Physiotherapy/Bachelor of Exercise & Sport Science and Bachelor of Physiotherapy (Honours)/Bachelor of Exercise & Sports Science

Fremantle 5.5 years FT Practicum 1150 hours Code 3540 and 3541 Fee Type CSP

Why study this?

The Bachelor of Physiotherapy/Bachelor of Exercise & Sport Science is a double degree focused on the physiotherapist-client relationship and is highly practical in its orientation. The addition of exercise & sport science includes more detailed information about the analysis of physical activity, exercise prescription and health in sport.

As a student in this program, you undertake a comprehensive range of courses, including specialised physiotherapy studies, behavioural and biological sciences, exercise science and professional development. Upon graduation, you are eligible for registration as a physiotherapist with the Australian Health Practitioner Regulation Agency (AHPRA) and full membership with the Australian Physiotherapy Association.

This program is available with Honours (embedded in the program for students who have excelled in their studies).

Areas of study

In addition to the courses listed in the Bachelor of Physiotherapy, the Bachelor of Physiotherapy (Honours)/Bachelor of Exercise & Sports Science will also undertake the following:

Exercise Physiology • Physiology of Training & Environmental Extreme • Principles of Strength & Conditioning • Health, Fitness and Performance Assessment • Motor Control Development & Learning • Exercise Prescription and Delivery • Exercise Biomechanics • Exercise Health & Disease • Advanced Biomechanics • Psychosocial Aspects of Sport & Physical Activity • Exercise and Sports Science Professional Practice • Integrated Practice in Exercise and Sports Science

Career opportunities

Career opportunities vary greatly in both setting and specialty.

Examples include:

- Private Practice • Hospitals • Research • Workplace Health & Safety • Healthcare Leadership/Management • Disability Sector

Double degrees – Health Sciences

A double undergraduate degree enables you to complete two qualifications at once, saving time and money while increasing your employment opportunities.

Many double degrees can be completed in four to five years.

Code	Program	Campus	Code	Program	Campus
3308	Bachelor of Biomedical Science/ Bachelor of Health Promotion	Fremantle	3043	Bachelor of Biomedical Science/ Bachelor of Commerce	Fremantle Sydney
3522	Bachelor of Laws/ Bachelor of Biomedical Science	Fremantle Sydney	3540	Bachelor of Physiotherapy/Bachelor of Exercise and Sport Science	Fremantle

Accreditation

A number of Notre Dame's Health Sciences programs are accredited with the appropriate peak governing organisation, including:

- Physiotherapy: Australian Physiotherapy Council
- Health & Physical Education: Australian Institute for Teaching and School Leadership
- Exercise & Sport Science: Exercise and Sports Science, Australia
- Health Promotion: International Union for Health Promotion and Education

Facilities

Our first-class, purpose-built facilities include:

- Exercise Physiology Laboratory/Gym
- Biomechanics Laboratory/Gym
- Strength and Conditioning Gym
- Motor Control Laboratory
- Biomedical Science Laboratories

Professional experience

You gain valuable professional experience as part of your degree to support your employment prospects and guide your career aspirations prior to graduation.

Practicums and internships are a compulsory requirement of all Health Sciences degrees. Depending on your program, they take place in community health centres, pathology laboratories, government departments, health promotion agencies, schools, voluntary service agencies, research laboratories, sporting organisations, gyms and adventure sports companies.

For more information visit notredame.edu.au/about-us/faculties-and-schools/school-of-health-sciences.

MEDICINE

“I chose Notre Dame to study medicine because I wanted to see the bigger picture in healthcare, and to develop a more holistic view of the patient.”

George
Medical student

C H O
O S E

Why study Medicine at Notre Dame?

Our Medical graduates have exceptional levels of clinical proficiency, compassion, humility and a strong commitment to lifelong learning. Notre Dame's Doctor of Medicine (MD) is available to applicants who have already completed an undergraduate degree.

The School of Medicine's purpose is to provide excellence in medical education, research and scholarship with the aim of graduating doctors uniquely trained to serve in areas of unmet need, specifically in remote and rural areas.

Small group teaching and problem-based learning, combined with rich clinical experiences.

Graduate with a strong commitment to — and capacity for — lifelong learning, reflective practice, leadership, personal health and wellbeing, and patient-centred care.

Research focus provides a firm basis for continued engagement in scholarly research aimed at advancing the body of medical knowledge.

A substantial Aboriginal health curriculum across the program prepares graduates to contribute meaningfully to reducing the health disparities experienced by Aboriginal peoples.

Pre-Medicine Certificate

Fremantle **0.5 years FT, equivalent PT** **Code 0096** **Fee Type FFP***

Why study this?

Studying for a Doctor of Medicine (MD) is demanding and entry is highly competitive. The Pre-Medicine Certificate is designed for students who are interested in applying for Medicine at Notre Dame (Fremantle Campus) upon the completion of their undergraduate degree.

Spanning three compulsory subjects and one elective, these subjects are studied alongside your undergraduate degree. Over the course of your studies, you will undertake subjects such as Health, Medicine and Society; Culture Care, Diversity and Universality; Human Caring through Service Learning; as well as an elective in areas like Aboriginal People, Behavioural Science, Biological Science, Counselling Skills and more. You will be guided by the Pre-Medicine Certificate team who will help you with your journey through the program.

Please Note: The completion of the Pre-Medicine Certificate does not guarantee you entry into the School of Medicine graduate Medicine program. However, should you meet the required GPA and GAMSAT scores, and successfully complete the Pre-Medicine Certificate program, you will automatically progress to the interview stage for graduate Medicine at Notre Dame's Fremantle Campus.

Areas of study

The Pre-Medicine Certificate is a flexible program which runs concurrently with your undergraduate degree. The following is an example of how to progress through the program:

Year One

Health, Medicine & Society, Culture Care, Diversity & Universality

Year Two

Elective by negotiation e.g. Aboriginal People, Human Caring through Service Learning

*The Pre-Medicine Certificate tuition fees will depend on the selected courses of study and must be paid upfront (i.e. a student cannot access CSP or FEE-HELP).

Doctor of Medicine (postgraduate)

Fremantle **4 years FT** **Code 5141** **Fee Type CSP/BMP***

Why study this?

At the School of Medicine, Fremantle we are committed to providing an education that not only teaches the science and craft of medicine, but also develops holistic and devoted medical practitioners. We aim to graduate doctors who are clinically excellent, compassionate, humble and empathic.

This program gives you the opportunity to complement your technical skills and medical knowledge with a thorough grounding in bioethics, professionalism and communication skills.

There is a focus on small group teaching and problem-based learning combined with rich clinical experiences, particularly in the third and fourth years. The program includes a research stream that builds student capabilities over the four years and encourages lifelong learning.

The School embraces its responsibility for improving healthcare outcomes for all Australians. The School provides learning opportunities to enable graduates to be better prepared to work effectively with Aboriginal and Torres Strait Islander peoples. The program creates opportunities for students to experience rural and remote medicine and a curriculum that embeds advocacy and social justice.

The Bachelor of Biomedical Science offers a new pathway into the Doctor of Medicine postgraduate degree, with places reserved for the top performing Notre Dame biomedical science graduates who aspire to pursue a career in medicine. Please see page 76 for more information.

*Bonded Medical Place

Areas of study

Year One

Foundations of a Medical Vocation

Year Two

Foundations of Clinical Practice

Year Three

Clinical Apprenticeships/Clinical Apprenticeships in a Rural Setting, Systematic Research Inquiry

Year Four

Preparation for Internship

Accreditation – WA

The Doctor of Medicine degree is accredited by the Australian Medical Council as meeting national standards of medical education. All domestic graduates are currently guaranteed intern (junior doctor) positions in WA and are eligible to apply for such positions throughout Australia.

Doctor of Medicine (postgraduate)

Sydney **4 years FT** **Code 5142** **Fee Type CSP/BMP*/FFP****

Why study this?

The Doctor of Medicine offered at our Sydney Campus aims to develop and train excellent, caring and ethical doctors with a respect for human life, dignity and social justice.

The first and second years of your studies provide the foundations for your medical degree. You will undertake problem-based learning tutorials with medically-qualified tutors, clinical and communication skills sessions, workshops, site visits and clinical debriefing tutorials.

In your third and fourth years, you will undertake a series of clinical placements at one or more of eight clinical schools in Sydney and Melbourne, and rural NSW and Victoria. You will explore a variety of disciplines in a range of public and private sector health settings and, by actively participating in hospital and community health services, you will engage with patients, their families and the healthcare professionals caring for them.

This program provides you with access to innovative clinical skills training, a liberal arts education in bioethics, and provides experience and understanding of Aboriginal and Torres Strait Islander and rural health issues.

The Bachelor of Biomedical Science offers a new pathway into the Doctor of Medicine postgraduate degree, with places reserved for the top performing Notre Dame biomedical science graduates who aspire to pursue a career in medicine. Please see program below.

*Bonded Medical Place

**Full-Fee Paying

Areas of study

Year One

Foundations of a Medical Vocation

Year Two

Foundations of Clinical Practice

Year Three

Apprenticeship in Clinical Practice

Year Four

Preparation for Internship Applied Research Project

Accreditation – NSW

The Doctor of Medicine degree is accredited by the Australian Medical Council as meeting national standards of medical education. All domestic NSW graduates are guaranteed intern (junior doctor) positions in NSW and all domestic Vic graduates are guaranteed intern (junior doctor) positions in Vic. They are also eligible to apply for such positions throughout Australia.

Bachelor of Biomedical Science (Assured Pathway to MD) and Bachelor of Advanced Biomedical Science (Honours) (Assured Pathway to MD)

Fremantle* **Sydney** **3 years FT, equivalent PT (4 years for Advanced Honours)**

Code 3582 and 3581 **Fee Type CSP**

Why study this?

The Bachelor of Biomedical Science (Assured) program into Doctor of Medicine offers an assured entry pathway for aspiring doctors into Notre Dame's Doctor of Medicine postgraduate degree. Students in the Bachelor of Biomedical Science (Assured) program must maintain a minimum GPA of 2.5 each semester during the completion of their undergraduate Biomedical Science degree.

*Please note: Delivery of these programs on our Fremantle Campus is pending approval and may be subject to change.

Areas of study

Molecular & Cell Biology • Health Communications • Microbiology • Biochemistry • Exercise Physiology • Human Genetics • Immunology • Pathology • Infectious Disease • Neuroscience • Reproductive Biology

Career opportunities

Biomedical Scientist • Pathway to becoming a doctor

Professional experience

As with all our degrees, the Doctor of Medicine places a strong emphasis on practical training and experiential learning. Throughout the four years of your study you will undertake clinical placements in a variety of settings including aged care facilities, public and private hospitals and general practice.

Your third and fourth years are clinically based and present the opportunity to explore the different disciplines of medicine such as paediatrics and surgery. You will complete discipline-based rotations in a clinical setting, and further develop your research skills with a translational research project and/or clinical audit based in the hospital sector. There are rural/remote training opportunities including, for some students, with a Rural Clinical School placement in one or two of the clinical years.

Admission requirements

Applicants for the Doctor of Medicine must have completed a recognised bachelor's degree within the last 10 years and must satisfy the requirements of both Notre Dame and GEMSAS (Graduate Entry Medical Schools Admission System). For full details see the GEMSAS Guide at gemsas.edu.au

Indigenous entry pathway

For advice on alternative pathways, Aboriginal and Torres Strait Islander applicants should contact: medicine.admissions@nd.edu.au.

A strong emphasis on clinical skills

Clinical schools

Sydney clinical schools are located at:

- 1 St Vincent's/Mater Health
- 2 Auburn Hospital
- 3 Hawkesbury Health Service

The Melbourne clinical school is located at:

- 4 The Werribee Mercy Hospital

The rural clinical schools are located in:

- 5 Lithgow
- 6 Ballarat
- 7 Wagga Wagga
- 8 Riverina Regional Training Hub

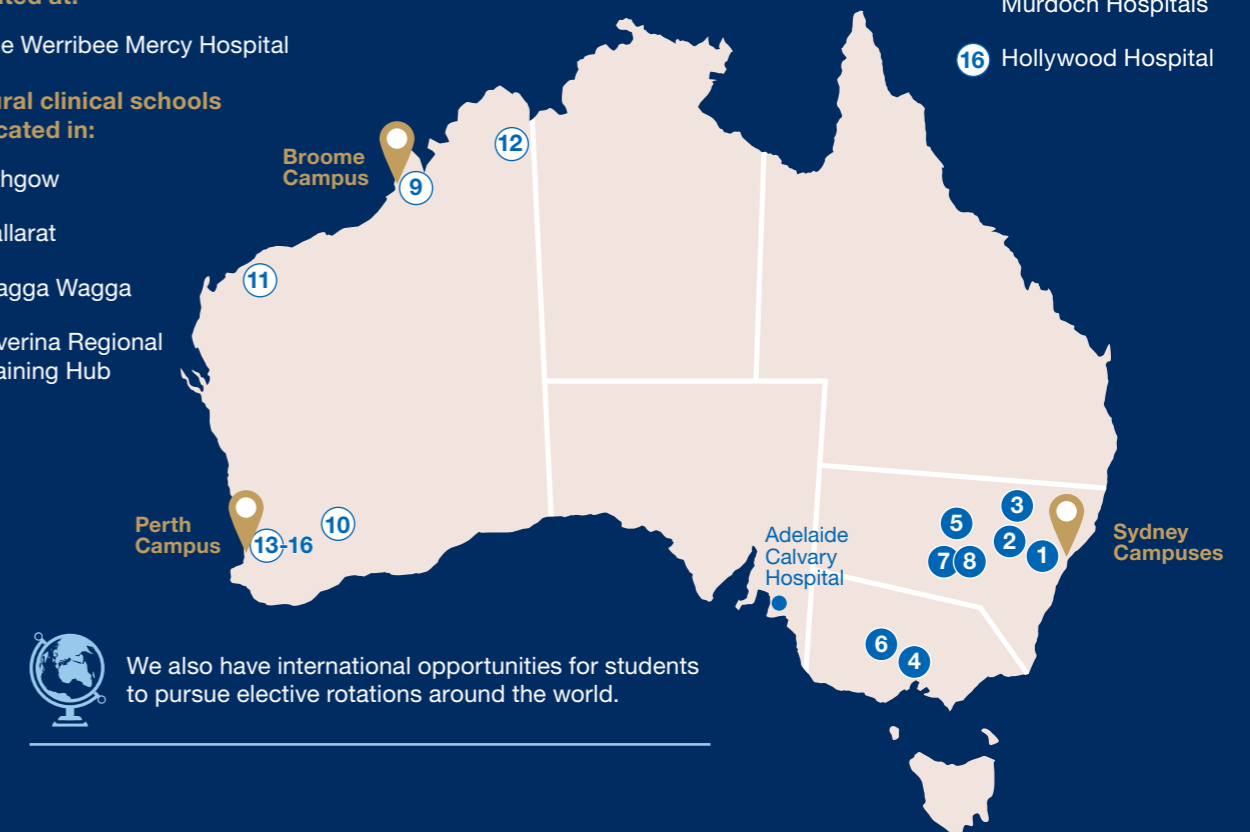

Our Perth medical students complete clinical placements at 15 locations across Western Australia

Rural locations include:

- 9 Broome
- 10 Kalgoorlie
- 11 Karratha
- 12 Kununurra

Metropolitan placement sites around Perth include:

- 13 Fiona Stanley Hospital
- 14 St John of God Midland Hospital
- 15 Subiaco and Murdoch Hospitals
- 16 Hollywood Hospital

We also have international opportunities for students to pursue elective rotations around the world.

Clinical placements

The Doctor of Medicine places a strong emphasis on practical training and experiential learning. Throughout the four years of your study, you will undertake clinical placements in a variety of settings, including aged care facilities, public and private hospitals and general practice.

Your third and fourth years are clinically based and present the opportunity to explore the different disciplines of medicine. You will complete discipline-based rotations in a clinical setting, and further develop your research skills with a translation research project and/or clinical audit based in the hospital sector. There are rural/remote training opportunities including, for some students, a Rural Clinical School placement in one or two of the clinical years.

Year 3 rotations include:

- Paediatrics
- Obstetrics & Gynaecology
- General Practice
- Surgery
- Medicine
- Psychiatry (Sydney only)

Year 4 rotations include:

- General Practice
- Surgery
- Medicine
- ICU – Intensive Care
- ED – Emergency
- Psychiatry (Fremantle only)

Alternate Entry Pathways to Notre Dame.

UniPath (FREMANTLE ONLY)

Notre Dame's UniPath is an entry pathway for non-ATAR Year 12 students. UniPath operates as a partnership with high schools and successful admission and completion can secure an entry into various degree programs.

Please refer to the website for more details notredame.edu.au/study/pathways/unipath

If your high school is interested in Notre Dame's UniPath Program, or you would like to learn more, please contact our Prospective Student Office directly at future@nd.edu.au.

Tertiary Pathway Program

The Tertiary Pathway Program (TPP) is designed to help if you have not met the requirements for entry into the University's undergraduate programs. Following successful completion of the TPP, you may gain entry to complete an undergraduate program on either the Fremantle or the Sydney Campus in the following areas:**

- Arts & Sciences
- Business
- Education
- Health Sciences
- Nursing
- Philosophy & Theology

Program structure

To gain entry to most Arts & Sciences, Business, Education, and Philosophy & Theology programs, you will complete the following four courses:

- Academic Writing
- Research Skills & Information Literacy
- Essential Mathematics
- Communication Skills

Nursing & Health Sciences Pathway

If you wish to transition into the Bachelor of Nursing or Health Sciences programs you will complete the following courses:

- Academic Writing
- Research Skills & Information Literacy
- Essential Mathematics
- Foundations of Human Biology

**For some programs, direct entry is not possible through the Tertiary Pathway Program. Other pathways to these programs are available. Visit notredame.edu.au/study/pathways to find out more.

The TPP is available only for Australian and New Zealand citizens, permanent residents and holders of humanitarian visas.

I've completed the Tertiary Pathway Program, now what?

Following the successful completion of the Tertiary Pathway Program you'll receive a Record of Achievement. You can then apply for entry to your program of choice for the next intake.

I've completed an enabling program at another uni. Am I eligible for Notre Dame University?

A range of approved enabling courses from other tertiary institutions are accepted for entry to some programs. Please contact the Admissions Office for more information.

Young Achievers EARLY OFFER PROGRAM 2025

Join the university that values *you*

Notre Dame's Early Offer Program is your opportunity to secure a spot at the uni that emphasises the whole person.

By applying through the Early Offer Program you can:

Join a uni rated 5 stars

for Learner Engagement, Skills Development, Teaching Quality, Graduate Salary and Full-Time Employment*.

*Good Universities Guide 2024, undergraduate category

Showcase

your academic and community achievements.

Secure

your spot at the university that values you as an individual.

Gain recognition

for extra-curricular activities and community involvement.

How to apply through the Early Offer Program

1 Get Ready

Collect digital copies of the documents needed to apply, including:

- Available Year 11 and Year 12 reports (if you have not yet received your Year 12 report you can still submit your application).
- SYDNEY ONLY
NSW Education Standards Authority (NESA)
Student eRecord for available Stage 6 results.
- Optional supporting documents – such as a recommendation from your school or community group, awards, certificates or a CV.

2 Apply

Apply direct online – notredame.edu.au/apply

Students can apply directly or via TISC if you are a Fremantle applicant, tisc.edu.au. Sydney applicants can also apply for the School Recommendation Scheme for an early offer via UAC, uac.edu.au.

In your online application, you will have the opportunity to tell us about yourself and why you are applying to Notre Dame. We are interested in what is motivating you to study the program you have chosen, and about your interests and achievements.

Applications for 2025 are open from 1 May 2024.

3 Offer

Accept your offer via the online acceptance form to secure your place.

Any questions?

If you have any questions about the Early Offer Program please visit notredame.edu.au/early-offer

Who is eligible for the Early Offer Program?

Australian and international students undertaking Year 12 in Australia are encouraged to apply for the Early Offer Program. All applicants must be currently in Year 12 and eligible to receive an ATAR.

*International students need to apply according to international applicant guidelines using the online international application. For more information, please visit notredame.edu.au/international/how-to-apply

What are the entry requirements?

Notre Dame's admissions process goes beyond a single score and includes adjustment factors which will be considered in your Selection Rank.*

FREMANTLE ONLY

Minimum indicative selection ranks are as follows:

- If applying for an Arts & Sciences, Biomedical Science, Business, Education (excluding Secondary), Health Sciences, Nursing or Philosophy & Theology degrees, demonstrating progress towards an indicative Selection Rank of 75.*
- If applying for a Law degree, demonstrating progress towards an indicative Selection Rank of 90.*
- If applying for a Physiotherapy degree, demonstrating progress towards an indicative Selection Rank of 95.*

SYDNEY ONLY

Minimum indicative selection ranks** are as follows:

- If applying for an Arts & Sciences, Business or Philosophy & Theology degree, demonstrating progress towards an indicative Selection Rank of 75.*
- If applying for an Education or Nursing degree, demonstrating progress towards an indicative Selection Rank of 80.*
- If applying for a Health Sciences or Law degree, demonstrating progress towards an indicative Selection Rank of 85.*

*or equivalent interstate/IB results.

**The University at its discretion may consider average final HSC marks in conjunction with adjustment factors.

Notre Dame University's admissions process

At Notre Dame, we want everyone to have the opportunity to pursue tertiary study. As a result, we offer multiple pathways for entry to the University as follows:

a) Recent Secondary Education. This applies to:

- Students who are currently in Year 12; or
- Applicants who have completed Year 12 or equivalent within the last two years.

b) Higher Education. This applies to studies undertaken with a tertiary institution, including bridging or enabling programs.

c) Vocational Education and Training (VET). This includes studies undertaken with an accredited provider such as a TAFE or a Registered Training Organisation (RTO).

d) Special Tertiary Admissions Test (STAT).

e) Other ATAR equivalent. This includes secondary studies (Year 12, or equivalent), completed more than 2 years prior.

f) Relevant work and life experience.

Visit notredame.edu.au/study/applications-and-admissions/admission-requirements for more information.

Adjustment Factors

Notre Dame's admissions process goes beyond a single score and, like the Notre Dame study experience, is focused on the whole person. For ATAR students, this includes adjustment factors which will be included to create your Selection Rank.

Notre Dame's adjustment factors seek to address adversity faced by students, reward exceptional performance and recognise extracurricular activity, as well as allow consideration for specific (disadvantaged) cohorts and priority groups. They are designed to ensure every student has the opportunity to achieve their goal of gaining entry to — or pursuing study at — Notre Dame.

Adjustment factors are additional points which are added to a student's ATAR (or equivalent) to create their Selection Rank. Applicants can receive up to 5 adjustment factors (points) from each of the below categories, to a maximum of 10 in total.

Please refer to our webpage for further details and our range of adjustment factors: notredame.edu.au/study/how-to-apply/adjustment-factors

Adjustment factors may include:

Individual factors (1-5 adjustment factor points): We consider the whole person and recognise non-academic achievements, such as personal qualities, work and life experience and contribution to community life.

Equity adjustments (1-5 adjustment factor points): Students who have experienced significant educational or other disadvantage due to circumstances beyond their control may qualify for equity adjustments.

Location-based adjustments (1-5 adjustment factor points): This applies to current and recent school leavers who live or attend school in designated areas as follows:

- If the area you live in or the school you attended is classified as being of socio-economic or socio-educational disadvantage, you will qualify for adjustment factors
- If you attended a school in an area which is classified as rural or regional, you will qualify for adjustment factors

Apply direct at notredame.edu.au/apply

International applicants

The process of applying to study at Notre Dame for an international applicant is different from that of a domestic applicant. If you are an international student looking for program and application information, please visit notredame.edu.au/international

Subject Performance (either 2, 3 or 5 adjustment factor points): Current and recent school leavers who achieve outstanding results in school subjects which are relevant to their chosen program at Notre Dame will receive adjustment factor points, depending on the level of results achieved.

Elite Athletes & Artistic Performers (5 adjustment factor points): Athletes who compete at — and performers who have had success at — a state, national or international level may be eligible for adjustment factor points.

University Priority Groups (5 adjustment factor points): Notre Dame recognises Aboriginal and Torres Strait Islander students, along with Australian Defence Force (ADF) personnel, as priority groups who may be eligible for adjustment factor points as part of their application.

“I wanted to go to a university where I was more than just a number or a face in the crowd. At Notre Dame the lecturers and tutors get to know you on a more personal level and you always have someone that you can go to for help.”

Erin

Scholarship recipient/
Education graduate

Fee information

Investing in your future

Notre Dame is committed to making all its programs as affordable and accessible as possible, with its fee structure reflecting this goal.

Commonwealth Supported Places and HECS-HELP

All undergraduate programs offer Commonwealth Supported Places (CSP). Students allocated a CSP will have a portion of their tuition fees paid by the Commonwealth Government.

Australian citizens, holders of permanent humanitarian visas and eligible New Zealand citizens who are in a CSP are able to access HECS-HELP to defer all or part of their tuition fees through a Commonwealth Government loan which is paid back when the borrower's income reaches a certain threshold.

Permanent residents and New Zealand citizens who are not eligible for HECS-HELP can still apply for a CSP to receive the lower fee rate but must pay their student contribution amount in full by the first course Census Date.

How fees are calculated

Students who have a CSP have their fees calculated against Fee Bands set by the Commonwealth Government. The cost of a course will depend on the Fee Band that the course belongs to. For example, a student enrolled in a Bachelor of Education (Secondary)*, will study Education courses in Band 1 but may also wish to study Business courses that come under Band 4 and, as such, cost more than courses in Band 1.

How do I apply for a Commonwealth Supported Place?

Eligible students will be offered a CSP; you do not need to apply. Upon enrolment in your courses at Notre Dame, you will be sent an invitation email from the Government to complete an electronic Commonwealth Assistance Form (eCAF). As part of this application, you will also be asked to submit your Tax File Number and your Unique Student Identifier (USI).

For additional details and the latest eligibility criteria, students are encouraged to refer to studyassist.gov.au.

Pre-university program

Tertiary Pathway Program students who are granted a Commonwealth Supported Place and have successfully submitted the eCAF will not incur any tuition fees for the TPP.

Additional study costs

The additional costs of study will vary from student to student. Additional costs include textbooks, uniforms, accommodation, public transport, photocopying, stationery and food.

Financial assistance

Austudy, ABSTUDY and Youth Allowance schemes are operated by the Australian Government and provide financial assistance to eligible students. For further information, please contact Centrelink on 13 24 90 (Youth Allowance and Austudy), or 1800 132 317 (ABSTUDY) or visit Services Australia.

*This degree is being realigned to a national degree that is planned to start from 2025.

Also available in CIS Sydney***

*Based on the lowest Selection Rank of 2023-2024 data.

***This degree is being realigned to a national degree that is planned to start from 2025.

****Catholic Institute of Sydney in Strathfield.

°Minimum ATAR for eligibility. Adjustment factors do not apply.

NA – Where ATAR-based admission is <5.

*Please note: This program is pending approval and may be subject to change.

**Please note: Delivery of this program on our Sydney Campus is pending approval and may be subject to change.

***Notre Dame is currently seeking accreditation of the occupational therapy program with the Occupational Therapy Council of Australia Ltd and approval by the Occupational Therapy Board of Australia.

DURATION (YEARS)

The time taken to complete a program may vary depending on the number of enrolled courses per semester, the selection of courses, and/or Major(s) undertaken.

COMMONWEALTH SUPPORTED PLACES (CSP) AVAILABLE

All Australian citizens, eligible New Zealand citizens and permanent humanitarian visa holders are able to access the Commonwealth Government's HECS-HELP loan scheme to cover the cost of their student contribution. Ineligible New Zealand citizens, Australian permanent residents and permanent visa holders are not able to use the HECS-HELP loan scheme and therefore must pay their student contribution by the first Census Date on their invoice.

STUDENT CONTRIBUTION INDICATIVE ANNUAL FEE

The figure quoted is the student contribution CSP indicative annual fee 2024 for domestic students. At the time of publication, 2025 fees were yet to be determined and may be subject to change. The exact 2025 fee for an individual student will depend on the mix of courses studied and may be subject to change.

SYDNEY SELECTION RANK

*Based on the lowest Selection Rank of 2023-2024 data.

Adjustment Factors will be applied when calculating your Selection Rank (refer to our webpage: notredame.edu.au/study/how-to-apply/adjustment-factors for details on these). Applications can be submitted directly to the University for Sydney Campus or via UAC. For more information on how to apply please see page 96-97.

Where applicants do not meet the minimum Selection Rank, the University at its discretion may consider average final HSC marks in conjunction with adjustment factors.
